FORWARD-LOOKING STATEMENTS

This report contains information that may constitute “forward-looking statements.” Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will” and similar expressions identify forward-looking statements, which generally are not historical in nature. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future — including statements relating to volume growth, share of sales and net income per share growth, and statements expressing general views about future operating results — are forward-looking statements. Management believes that these forward-looking statements are reasonable as and when made. However, caution should be taken not to place undue reliance on any such forward-looking statements because such statements speak only as of the date when made. Our Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause our Company’s actual results to differ materially from historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, the possibility that the assumptions used to calculate our estimated aggregate incremental tax and interest liability related to the potential unfavorable outcome of the ongoing tax dispute with the U.S. Internal Revenue Service could significantly change; those described in Part II, “Item 1A. Risk Factors” and elsewhere in this report and in our Annual Report on Form 10-K for the year ended December 31, 2022; and those described from time to time in our future reports filed with the Securities and Exchange Commission.

THE COCA-COLA COMPANY AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. They do not include all information and notes required by U.S. GAAP for complete financial statements. However, except as disclosed herein, there has been no material change in the information disclosed in the Notes to Consolidated Financial Statements included in the Annual Report on Form 10-K of The Coca-Cola Company for the year ended December 31, 2022.

When used in these notes, the terms “The Coca-Cola Company,” “Company,” “we,” “us” and “our” mean The Coca-Cola Company and all entities included in our consolidated financial statements. In the opinion of management, all adjustments (including normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2023 are not necessarily indicative of the results that may be expected for the year ending December 31, 2023. Sales of our ready-to-drink beverages are somewhat seasonal, with the second and third calendar quarters typically accounting for the highest sales volumes. The volume of sales in the beverage business may be affected by weather conditions.

Each of our quarterly reporting periods, other than the fourth quarter, ends on the Friday closest to the last day of the corresponding quarterly calendar period. The first quarter of 2023 and the first quarter of 2022 ended on March 31, 2023 and April 1, 2022, respectively. Our fourth quarter and our fiscal year end on December 31 regardless of the day of the week on which December 31 falls.

Advertising Costs

The Company’s accounting policy related to advertising costs for annual reporting purposes is to expense production costs of print, radio, television and other advertisements as of the first date the advertisements take place. All other marketing expenditures are expensed in the annual period in which the expenditure is incurred.

For quarterly reporting purposes, we allocate our estimated full year marketing expenditures that benefit multiple quarters to each of those quarters. We use the proportion of each quarter’s actual unit case volume to the estimated full year unit case volume as the basis for the allocation. This methodology results in our marketing expenditures being recognized at a standard rate per unit case. At the end of each quarter, we review our estimated full year unit case volume and our estimated full year marketing expenditures that benefit multiple quarters in order to evaluate if a change in estimate is necessary. The impact of any change in the full year estimate is recognized in the quarter in which the change in estimate occurs. Our full year marketing expenditures are not impacted by this interim accounting policy.

Cash, Cash Equivalents, Restricted Cash and Restricted Cash Equivalents

We classify time deposits and other investments that are highly liquid and have maturities of three months or less at the date of purchase as cash equivalents or restricted cash equivalents, as applicable. Restricted cash and restricted cash equivalents generally consist of amounts held by our captive insurance companies, which are included in the line item other noncurrent assets in our consolidated balance sheet. We manage our exposure to counterparty credit risk through specific minimum credit standards, diversification of counterparties and procedures to monitor our concentrations of credit risk.

The following tables provide a summary of cash, cash equivalents, restricted cash and restricted cash equivalents that constitute the total amounts shown in our consolidated statements of cash flows (in millions):

	March 31, 2023	December 31, 2022

NOTE 2: ACQUISITIONS AND DIVESTITURES

Acquisitions

Our Company's acquisitions of businesses, equity method investments and nonmarketable securities totaled \$20 million and \$5 million during the three months ended March 31, 2023 and April 1, 2022, respectively.

Divestitures

Proceeds from disposals of businesses, equity method investments and nonmarketable securities during the three months ended March 31, 2023 and April 1, 2022 totaled \$319 million and \$218 million, respectively, which primarily related to sales of our ownership interests in certain equity method investees.

Assets and Liabilities Held for Sale

As of December 31, 2022, the Company's bottling operations in Vietnam met the criteria to be classified as held for sale. As a result, we were required to record their assets and liabilities at the lower of carrying value or fair value less any costs to sell. As the fair value less any costs to sell exceeded the carrying value, the related assets and liabilities were recorded at their carrying value. These assets and liabilities were included in the Bottling Investments operating segment.

In December 2022, the Company received cash proceeds of \$823 million in advance of refranchising its bottling operations in Vietnam. This advance was included in the line item accounts payable and accrued expenses in our consolidated balance sheet as of December 31, 2022. The Company refranchised its bottling operations in Vietnam in January 2023 and recognized a net gain of \$439 million as a result of the sale, which was recorded in the line item other income (loss) — net in our consolidated statement of income.

The following table presents information related to the major classes of assets and liabilities that were classified as held for sale and were included in the line items prepaid expenses and other current assets and accounts payable and accrued expenses, respectively, in our consolidated balance sheet (in millions):

¹ All of the Company's derivative instruments are carried at fair value in our consolidated balance sheets after considering the impact of legally enforceable master netting agreements and cash collateral held or placed with the same counterparties, as applicable. Current disclosure requirements mandate that derivatives must also be disclosed without reflecting the impact of master netting agreements and cash collateral. Refer to Note 16 for the net presentation of the Company's derivative instruments.

² Refer to Note 16 for additional information related to the estimated fair value.

Credit Risk Associated with Derivatives

We have established strict counterparty credit guidelines and enter into transactions only with financial institutions of investment grade or better. We monitor counterparty exposures regularly and review any downgrade in credit rating immediately. If a downgrade in the credit rating of a counterparty were to occur, we have provisions requiring collateral for substantially all of our transactions. To mitigate presettlement risk, minimum credit standards become more stringent as the duration of the derivative financial instrument increases. In addition, the Company's master netting agreements reduce credit risk by permitting the Company to net settle for transactions with the same counterparty. To minimize the concentration of credit risk, we enter into derivative transactions with a portfolio of financial institutions. Furthermore, for certain derivative financial instruments, the Company has agreements with counterparties that require collateral to be exchanged based on changes in the fair value of the instruments. The Company classifies collateral payments and receipts as investing cash flows when the collateral account is in an asset position and as financing cash flows when the collateral account is in a liability position. As a result of these factors, we consider the risk of counterparty default to be minimal.

Cash Flow Hedging Strategy

The Company uses cash flow hedges to minimize the variability in cash flows of assets or liabilities or forecasted transactions caused by fluctuations in foreign currency exchange rates, commodity prices or interest rates. The changes in the fair values of derivatives designated as cash flow hedges are recorded in accumulated other comprehensive income (loss) ("AOCI") and are reclassified into the line item in our consolidated statement of income in which the hedged items are recorded in the same period the hedged items affect earnings. The changes in the fair values of hedges that are determined to be ineffective are immediately reclassified from AOCI into earnings. The maximum length of time for which the Company hedges its exposure to the variability in future cash flows is typically three years.

The Company maintains a foreign currency cash flow hedging program to reduce the risk that our U.S. dollar net cash inflows from sales outside of the United States and U.S. dollar net cash outflows from procurement activities will be adversely affected by fluctuations in foreign currency exchange rates. We enter into forward contracts and purchase foreign currency options and collars (principally euro, British pound sterling and Japanese yen) to hedge certain portions of forecasted cash flows denominated in foreign currencies. When the U.S. dollar strengthens against the foreign currencies, the decline in the present value of future foreign currency cash flows is partially offset by gains in the fair value of the derivative instruments. Conversely, when the U.S. dollar weakens, the increase in the present value of future foreign currency cash flows is partially offset by losses in the fair value of the derivative instruments. The total notional values of derivatives that were designated and qualified for the Company's foreign currency cash flow hedging program were \$7,042 million and \$5,510 million as of March 31, 2023 and December 31, 2022, respectively.

The Company uses cross-currency swaps to hedge the changes in cash flows of certain of its foreign currency denominated debt and other monetary assets or liabilities due to fluctuations in foreign currency exchange rates. For this hedging program, the Company recognizes in earnings each period the changes in carrying values of these foreign currency denominated assets and liabilities due to fluctuations in exchange rates. The changes in fair values of the cross-currency swap derivatives are recorded in AOCI with an immediate reclassification into earnings for the changes in fair values attributable to fluctuations in foreign currency exchange rates. The total notional value of derivatives that were designated as cash flow hedges for the Company's foreign currency denominated assets and liabilities was \$958 million as of both March 31, 2023 and December 31, 2022.

The Company has entered into commodity futures contracts and other derivative instruments on various commodities to mitigate the price risk associated with forecasted purchases of materials used in our manufacturing process. These derivative instruments were designated as part of the Company's commodity cash flow hedging program. The objective of this hedging program is to reduce the variability of cash flows associated with future purchases of certain commodities. The total notional values of derivatives that were designated and qualified for this program were \$57 million and \$35 million as of March 31, 2023 and December 31, 2022, respectively.

Our Company monitors our mix of short-term debt and long-term debt regularly. We manage our risk to interest rate fluctuations through the use of derivative financial instruments. From time to time, the Company enters into interest rate swap agreements and designates these instruments as part of the Company's interest rate cash flow hedging program. The objective of this hedging program is to mitigate the risk of adverse changes in benchmark interest rates on the Company's future interest payments. As of March 31, 2023 and December 31, 2022, we did not have any interest rate swaps designated as a cash flow hedge.

The following table presents the pretax impact that changes in the fair values of derivatives designated as cash flow hedges had on other comprehensive income ("OCI"), AOCI and earnings (in millions):

		Gain (Loss) Recognized in OCI	Location of Gain (Loss) Recognized in Income	Gain (Loss) Reclassified from AOCI into Income
Three Months Ended March 31, 2023				
Foreign currency contracts	\$	(36)	Net operating revenues	\$ 1
Foreign currency contracts		4	Cost of goods sold	4
Foreign currency contracts		—	Interest expense	(1)
Foreign currency contracts		(13)	Other income (loss) — net	—
Commodity contracts		(2)	Cost of goods sold	(3)

Foreign currency contracts		6	Cost of goods sold	1
Foreign currency contracts		—	Interest expense	(1)
Foreign currency contracts		(5)	Other income (loss) — net	(11)
Total	\$	82		\$ (3)

As of March 31, 2023, the Company estimates that it will reclassify into earnings during the next 12 months net gains of \$14 million from the pretax amount recorded in AOCI as the anticipated cash flows occur.

Fair Value Hedging Strategy

The Company uses interest rate swap agreements designated as fair value hedges to minimize exposure to changes in the fair value of fixed-rate debt that result from fluctuations in benchmark interest rates. The Company also uses cross-currency interest rate swaps to hedge the changes in the fair value of foreign currency denominated debt relating to fluctuations in foreign currency exchange rates and benchmark interest rates. The changes in the fair values of derivatives designated as fair value hedges and the offsetting changes in the fair values of the hedged items are recognized in earnings. As a result, any difference is reflected in earnings as ineffectiveness. When a derivative is no longer designated as a fair value hedge for any reason, including termination and maturity, the remaining unamortized difference between the carrying value of the hedged item at that time and the face value of the hedged item is amortized to earnings over the remaining life of the hedged item, or immediately if the hedged item has matured or has been extinguished. The total notional values of derivatives that were designated and qualified as fair value hedges of this type were \$13,535 million and \$13,425 million as of March 31, 2023 and December 31, 2022, respectively.

The following table summarizes the pretax impact that changes in the fair values of derivatives designated as fair value hedges had on earnings (in millions):

Hedges of Net Investments in Foreign Operations Strategy

The Company uses forward contracts and a portion of its foreign currency denominated debt, a non-derivative financial instrument, to protect the value of our net investments in a number of foreign operations. For derivative financial instruments that are designated and qualify as hedges of net investments in foreign operations, the changes in the fair values of the derivative financial instruments are recognized in net foreign currency translation adjustments, a component of AOCI, to offset the changes in the values of the net investments being hedged. For non-derivative financial instruments that are designated and qualify as hedges of net investments in foreign operations, the changes in the carrying values of the designated portions of the non-derivative financial instruments due to fluctuations in foreign currency exchange rates are recorded in net foreign currency translation adjustments. Any ineffective portions of net investment hedges are reclassified from AOCI into earnings during the period of change.

The following table summarizes the notional values and pretax impact of changes in the fair values of instruments designated as net investment hedges (in millions):

	Notional Values		Gain (Loss) Recognized in OCI	
	as of		Three Months Ended	
	March 31, 2023	December 31, 2022	March 31, 2023	April 1, 2022
Foreign currency contracts	\$ —	\$ —	\$ —	\$ (6)
Foreign currency denominated debt	11,674	12,061	(154)	355
Total	\$ 11,674	\$ 12,061	\$ (154)	\$ 349

The Company did not reclassify any gains or losses related to net investment hedges from AOCI into earnings during the three months ended March 31, 2023 and April 1, 2022. In addition, the Company did not have any ineffectiveness related to net investment hedges during the three months ended March 31, 2023 and April 1, 2022. The cash inflows and outflows associated with the Company's derivative contracts designated as net investment hedges are classified in the line item other investing activities in our consolidated statement of cash flows.

Economic (Non-Designated) Hedging Strategy

In addition to derivative instruments that were designated and qualified for hedge accounting, the Company also uses certain derivatives as economic hedges of foreign currency, interest rate and commodity exposure. Although these derivatives were not designated and/or did not qualify for hedge accounting, they are effective economic hedges. The changes in the fair values of economic hedges are immediately recognized in earnings.

The Company uses foreign currency economic hedges to offset the earnings impact that fluctuations in foreign currency exchange rates have on certain monetary assets and liabilities denominated in nonfunctional currencies. The changes in the fair values of economic hedges used to offset those monetary assets and liabilities are immediately recognized in earnings in the line item other income (loss) — net in our consolidated statement of income. In addition, we use foreign currency economic hedges to minimize the variability in cash flows associated with fluctuations in foreign currency exchange rates, including those related to certain acquisition and divestiture activities. The changes in the fair values of economic hedges used to offset the variability in U.S. dollar net cash flows are immediately recognized in earnings in the line items net operating revenues, cost of goods sold or other income (loss) — net in our consolidated statement of income, as applicable. The total notional values of derivatives related to our foreign currency economic hedges were \$5,330 million and \$4,902 million as of March 31, 2023 and December 31, 2022, respectively.

The Company uses interest rate contracts as economic hedges to minimize exposure to changes in the fair value of fixed-rate debt that result from fluctuations in benchmark interest rates. As of March 31, 2023 and December 31, 2022, we did not have any interest rate contracts used as economic hedges.

The Company also uses certain derivatives as economic hedges to mitigate the price risk associated with the purchase of materials used in the manufacturing process and vehicle fuel. The changes in the fair values of these economic hedges are immediately recognized in earnings in the line items net operating revenues, cost of goods sold, or selling, general and administrative expenses in our consolidated statement of income, as applicable. The total notional values of derivatives related to our economic hedges of this type were \$329 million and \$336 million as of March 31, 2023 and December 31, 2022, respectively.

The following table presents the pretax impact that changes in the fair values of derivatives not designated as hedging instruments had on earnings (in millions):

		Gain (Loss) Recognized in Income Three Months Ended

NOTE 7: SUPPLY CHAIN FINANCE PROGRAM

Our current payment terms with the majority of our suppliers are 120 days. Two global financial institutions offer a voluntary supply chain finance (“SCF”) program, which enables our suppliers, at their sole discretion, to sell their receivables from the Company to these financial institutions on a non-recourse basis at a rate that leverages our credit rating and thus may be more beneficial to them. The SCF program is available to suppliers of goods and services included in cost of goods sold and selling, general and administrative expenses in our consolidated statement of income. The Company and our suppliers agree on contractual terms for the goods and services we procure, including prices, quantities and payment terms, regardless of whether the supplier elects to participate in the SCF program. The suppliers sell goods or services, as applicable, to the Company and issue the associated invoices to the Company based on the agreed-upon contractual terms. Then, if they are participating in the SCF program, our suppliers, at their sole discretion, determine which invoices, if any, they want to sell to the financial institutions. Our suppliers’ voluntary inclusion of invoices in the SCF program has no bearing on our payment terms. No guarantees are provided by the Company or any of our subsidiaries under the SCF program. We have no economic interest in a supplier’s decision to participate in the SCF program, and we have no direct financial relationship with the financial institutions, as it relates to the SCF program. Accordingly, amounts due to our suppliers that elected to participate in the SCF program are included in the line item accounts payable and accrued expenses in our consolidated balance sheet. All activity related to amounts due to suppliers that elected to participate in the SCF program is reflected within the operating activities section of our consolidated statement of cash flows. As of March 31, 2023 and December 31, 2022, the amount of obligations outstanding that the Company has confirmed as valid to the financial institutions under the SCF program was \$1,236 million and \$1,351 million, respectively.

NOTE 8: DEBT AND BORROWING ARRANGEMENTS

Loans and notes payable consist primarily of commercial paper issued in the United States. As of March 31, 2023 and December 31, 2022, we had \$5,282 million and \$2,146 million, respectively, in outstanding commercial paper borrowings.

During the three months ended March 31, 2023, our bottling operations in Africa extinguished prior to maturity U.S. dollar term loans with a total principal amount of \$121 million, with variable interest rates ranging from the three-month London Interbank Offered Rate ("LIBOR") plus 2.950 percent to the three-month LIBOR plus 3.000 percent. Additionally, the bottling operations extinguished prior to maturity a U.S. dollar revolving facility of \$40 million, with a variable interest rate of the Secured Overnight Financing Rate plus 2.344 percent.

NOTE 9: COMMITMENTS AND CONTINGENCIES

Guarantees

As of March 31, 2023, we were contingently liable for guarantees of indebtedness owed by third parties of \$1,047 million, of which \$95 million was related to variable interest entities. Our guarantees are primarily related to third-party customers, bottlers and vendors and have arisen through the normal course of business. These guarantees have various terms, and none of these guarantees is individually significant. These amounts represent the maximum potential future payments that we could be required to make under the guarantees. However, management has concluded that the likelihood of any significant amounts being paid by our Company under these guarantees is not probable.

Concentrations of Credit Risk

We believe our exposure to concentrations of credit risk is limited due to the diverse geographic areas covered by our operations.

Legal Contingencies

The Company is involved in various legal proceedings. We establish reserves for specific legal proceedings when we determine that the likelihood of an unfavorable outcome is probable and the amount of loss can be reasonably estimated. Management has also identified certain other legal matters where we believe an unfavorable outcome is reasonably possible and/or for which no estimate of possible losses can be made. Management believes that the total liabilities of the Company that may arise as a result of currently pending legal proceedings (excluding tax audit claims) will not have a material adverse effect on the Company taken as a whole.

Tax Audits

The Company is involved in various tax matters, with respect to some of which the outcome is uncertain. These uncertain tax matters may result in the assessment of additional taxes.

On September 17, 2015, the Company received a Statutory Notice of Deficiency ("Notice") from the U.S. Internal Revenue Service ("IRS") seeking approximately \$3.3 billion of additional federal income tax for years 2007 through 2009. In the Notice, the IRS stated its intent to reallocate over \$9 billion of income to the U.S. parent company from certain of its foreign affiliates that the U.S. parent company licensed to manufacture, distribute, sell, market and promote its products in certain non-U.S. markets.

The Notice concerned the Company's transfer pricing between its U.S. parent company and certain of its foreign affiliates. IRS rules governing transfer pricing require arm's-length pricing of transactions between related parties such as the Company's U.S. parent and its foreign affiliates.

To resolve the same transfer pricing issue for the tax years 1987 through 1995, the Company and the IRS had agreed in 1996 on an arm's-length methodology for determining the amount of U.S. taxable income that the U.S. parent company would report as compensation from its foreign licensees. The Company and the IRS memorialized this accord in a closing agreement resolving that dispute ("Closing Agreement"). The Closing Agreement provided that, absent a change in material facts or circumstances or relevant federal tax law, in calculating the Company's income taxes going forward, the Company would not be assessed penalties by the IRS for using the agreed-upon tax calculation methodology that the Company and the IRS agreed would be used for the 1987 through 1995 tax years.

The IRS audited and confirmed the Company's compliance with the agreed-upon Closing Agreement methodology in five successive audit cycles for tax years 1996 through 2006.

The September 17, 2015 Notice from the IRS retroactively rejected the previously agreed-upon methodology for the 2007 through 2009 tax years in favor of an entirely different methodology, without prior notice to the Company. Using the new tax calculation methodology, the IRS reallocated over \$9 billion of income to the U.S. parent company from its foreign licensees

for tax years 2007 through 2009. Consistent with the Closing Agreement, the IRS did not assert penalties, and it has yet to do so.

The IRS designated the Company's matter for litigation on October 15, 2015. Litigation designation is an IRS determination that forecloses to a company any and all alternative means for resolution of a tax dispute. As a result of the IRS' designation of the Company's matter for litigation, the Company was forced to either accept the IRS' newly imposed tax assessment and pay the full amount of the asserted tax or litigate the matter in the federal courts. The matter remains subject to the IRS' litigation designation, preventing the Company from any attempt to settle or otherwise mutually resolve the matter with the IRS.

The Company consequently initiated litigation by filing a petition in the U.S. Tax Court ("Tax Court") in December 2015, challenging the tax adjustments enumerated in the Notice.

Prior to trial, the IRS increased its transfer pricing adjustment by \$385 million, resulting in an additional tax adjustment of \$135 million. The Company obtained a summary judgment in its favor on a different matter related to Mexican foreign tax credits, which thereafter effectively reduced the IRS' potential tax adjustment by \$138 million.

The trial was held in the Tax Court from March through May 2018, and final post-trial briefs were filed and exchanged in April 2019.

On November 18, 2020, the Tax Court issued an opinion ("Opinion") in which it predominantly sided with the IRS but agreed with the Company that dividends previously paid by the foreign licensees to the U.S. parent company in reliance upon the Closing Agreement should continue to be allowed to offset royalties, including those that would become payable to the Company in accordance with the Opinion. The Tax Court reserved ruling on the effect of Brazilian legal restrictions on the payment of royalties by the Company's licensee in Brazil until after the Tax Court issues its opinion in the separate case of 3M Co. & Subs. v. Commissioner, T.C. Docket No. 5816-13 (filed March 11, 2013). The Tax Court issued its opinion in 3M Co.'s case ("3M Co. opinion") on February 9, 2023. Once the Tax Court completes its analysis of the application of the 3M Co. opinion to the Company's case, the Company expects the Tax Court to render another opinion, and ultimately a decision, in the Company's case.

The Company believes that the IRS and the Tax Court misinterpreted and misapplied the applicable regulations in reallocating income earned by the Company's foreign licensees to increase the Company's U.S. tax. Moreover, the Company believes that the retroactive imposition of such tax liability using a calculation methodology different from that previously agreed upon by the IRS and the Company, and audited by the IRS for over a decade, is unconstitutional. The Company intends to assert its claims on appeal and vigorously defend its position.

In determining the amount of tax reserve to be recorded as of December 31, 2020, the Company completed the required two-step evaluation process prescribed by Accounting Standards Codification 740, *Accounting for Income Taxes*. In doing so, we consulted with outside advisors, and we reviewed and considered relevant laws, rules, and regulations, including, but not limited to, the Opinion and relevant caselaw. We also considered our intention to vigorously defend our positions and assert our various well-founded legal claims via every available avenue of appeal. We concluded, based on the technical and legal merits of the Company's tax positions, that it is more likely than not the Company's tax positions will ultimately be sustained on appeal. In addition, we considered a number of alternative transfer pricing methodologies, including the methodology asserted by the IRS and affirmed in the Opinion ("Tax Court Methodology"), that could be applied by the courts upon final resolution of the litigation. Based on the required probability analysis, we determined the methodologies we believe the federal courts could ultimately order to be used in calculating the Company's tax. As a result of this analysis, we recorded a tax reserve of \$438 million during the year ended December 31, 2020 related to the application of the resulting methodologies as well as the different tax treatment applicable to dividends originally paid to the U.S. parent company by its foreign licensees, in reliance upon the Closing Agreement, that would be recharacterized as royalties in accordance with the Opinion and the Company's analysis.

The Company's conclusion that it is more likely than not the Company's tax positions will ultimately be sustained on appeal is unchanged as of March 31, 2023. However, we updated our calculation of the methodologies we believe the federal courts could ultimately order to be used in calculating the Company's tax. As a result of the application of the required probability analysis to these updated calculations and the accrual of interest through the current reporting period, we updated our tax reserve as of March 31, 2023 to \$432 million.

While the Company strongly disagrees with the IRS' positions and the portions of the Opinion affirming such positions, it is possible that some portion or all of the adjustment proposed by the IRS and sustained by the Tax Court could ultimately be upheld. In that event, the Company would likely be subject to significant additional liabilities for tax years 2007 through 2009, and potentially also for subsequent years, which could have a material adverse impact on the Company's financial position, results of operations and cash flows.

The Company calculated the potential impact of applying the Tax Court Methodology to reallocate income from foreign licensees potentially covered within the scope of the Opinion, assuming such methodology were to be ultimately upheld by the

courts and the IRS were to decide to apply that methodology to subsequent years with consent of the federal courts. This impact would include taxes and interest accrued through December 31, 2022 for the 2007 through 2009 litigated tax years and for subsequent tax years from 2010 through 2022. The calculations incorporated the estimated impact of correlative adjustments to the previously accrued transition tax payable under the 2017 Tax Cuts and Jobs Act. The Company estimates that the potential aggregate incremental tax and interest liability could be approximately \$14 billion as of December 31, 2022. Additional income tax and interest would continue to accrue until the time any such potential liability, or portion thereof, were to be paid. The Company estimates the impact of the continued application of the Tax Court Methodology for the three months ended March 31, 2023 would increase the potential aggregate incremental tax and interest liability by approximately \$400 million. Additionally, we currently project the continued application of the Tax Court Methodology in future years, assuming similar facts and circumstances as of December 31, 2022, would result in an incremental annual tax liability that would increase the Company's effective tax rate by approximately 3.5 percent.

The Company does not know when the Tax Court will issue its opinion regarding the effect of Brazilian legal restrictions on the payment of royalties by the Company's licensee in Brazil for the 2007 through 2009 tax years. After the Tax Court issues its opinion on the Company's Brazilian licensee, the Company and the IRS will be provided time to agree on the tax impact of both opinions, after which the Tax Court would render a decision in the case. The Company will have 90 days thereafter to file a notice of appeal to the U.S. Court of Appeals for the Eleventh Circuit and pay the tax liability and interest related to the 2007 through 2009 tax years. The Company currently estimates that the payment to be made at that time related to the 2007 through 2009 tax years, which is included in the above estimate of the potential aggregate incremental tax and interest liability, would be approximately \$5.4 billion (including interest accrued through March 31, 2023), plus any additional interest accrued through the time of payment. Some or all of this amount would be refunded if the Company were to prevail on appeal.

Risk Management Programs

The Company has numerous global insurance programs in place to help protect the Company from the risk of loss. In general, we are self-insured for large portions of many different types of claims. However, we do use commercial insurance above our self-insured retentions to reduce the Company's risk of catastrophic loss. Our reserves for the Company's self-insured losses are estimated using actuarial methods and assumptions of the insurance industry, adjusted for our specific expectations based on our claims history. Our self-insurance reserves totaled \$198 million and \$199 million as of March 31, 2023 and December 31, 2022, respectively.

Refer to Note 13 for additional information on the Company's restructuring initiatives. Refer to Note 16 for additional information on the fairlife acquisition. Refer to Note 17 for the impact these charges had on our operating segments and Corporate.

NOTE 13: RESTRUCTURING

Productivity and Reinvestment Program

In February 2012, the Company announced a productivity and reinvestment program designed to strengthen our brands and reinvest our resources to drive long-term profitable growth. The program was expanded multiple times, with the last expansion occurring in April 2017. While we expect most of the remaining initiatives included in this program, which are primarily designed to further simplify and standardize our organization, to be completed by the end of 2023, certain initiatives may extend into 2024.

During the three months ended March 31, 2023 and April 1, 2022, the Company incurred expenses of \$27 million and \$10 million, respectively, related to our productivity and reinvestment program. These expenses primarily included internal and external costs associated with the implementation of the program's initiatives and were recorded in the line item other operating charges in our consolidated statements of income. Refer to Note 17 for the impact these expenses had on our operating segments and Corporate. The Company has incurred total pretax expenses of \$4,156 million related to this program since it commenced.

North America Operating Unit Restructuring

In November 2022, the Company announced a restructuring program for our North America operating unit designed to better align its operating structure with its customers and bottlers. The evolved operating structure will bring together all bottler-related components (franchise leadership, commercial leadership, digital, governance and technical innovation) and will help streamline how we work. During the three months ended March 31, 2023, the Company incurred expenses of \$18 million related to this program. These expenses primarily included severance costs related to the program and were recorded in the line item other operating charges in our consolidated statement of income. Refer to Note 17 for the impact these expenses had on our operating segments and Corporate. The Company has incurred total pretax expenses of \$56 million related to this program since it commenced.

NOTE 14: PENSION AND OTHER POSTRETIREMENT BENEFIT PLANS

Net periodic benefit cost or income for our pension and other postretirement benefit plans consisted of the following (in millions):

	Pension Plans		Other Postretirement Benefit Plans	
	Three Months Ended			
	March 31, 2023	April 1, 2022	March 31, 2023	April 1, 2022

Amortization of net actuarial loss (gain)	24	29	(1)	—
Net periodic benefit cost (income)	\$ 10	\$ (47)	\$ 2	\$ 1

¹ The weighted-average expected long-term rates of return on plan assets used in computing 2023 net periodic benefit cost (income) were 7.00 percent for pension plans and 3.75 percent for other postretirement benefit plans.

All of the amounts in the table above, other than service cost, were recorded in the line item other income (loss) — net in our consolidated statements of income. During the three months ended March 31, 2023, the Company contributed \$5 million to our pension trusts, and we anticipate making additional contributions of approximately \$37 million during the remainder of 2023. The Company contributed \$3 million to our pension trusts during the three months ended April 1, 2022.

NOTE 15: INCOME TAXES

The Company recorded income taxes of \$940 million (23.2 percent effective tax rate) and \$665 million (19.2 percent effective tax rate) during the three months ended March 31, 2023 and April 1, 2022, respectively.

The Company's effective tax rates for the three months ended March 31, 2023 and April 1, 2022 vary from the statutory U.S. federal tax rate of 21.0 percent primarily due to the tax impact of significant operating and nonoperating items, as described in Note 12, along with the tax benefits of having significant earnings generated outside of the United States and significant earnings generated in investments accounted for under the equity method, both of which are generally taxed at rates lower than the statutory U.S. federal tax rate.

On November 18, 2020, the Tax Court issued the Opinion regarding the Company's 2015 litigation with the IRS involving transfer pricing tax adjustments in which the court predominantly sided with the IRS. The Company strongly disagrees with the Opinion and intends to vigorously defend its position. Refer to Note 9 for additional information on the tax litigation.

Nonrecurring Fair Value Measurements

We did not recognize any gains or losses on assets measured at fair value on a nonrecurring basis during the three months ended March 31, 2023. We recognized a net loss of \$24 million on assets measured at fair value on a nonrecurring basis during the three months ended April 1, 2022. The net loss was recorded as a result of an equity method investee issuing additional shares of its stock. Accordingly, the Company is required to treat this type of transaction as if the Company had sold a proportionate share of its investment. This net loss was determined using Level 2 inputs and primarily resulted from the recognition of cumulative translation losses.

Other Fair Value Disclosures

The carrying values of cash and cash equivalents, short-term investments, trade accounts receivable, accounts payable and accrued expenses, and loans and notes payable approximate their fair values because of the relatively short-term maturities of these financial instruments. The fair value of our long-term debt is estimated using Level 2 inputs based on quoted prices for those instruments. Where quoted prices are not available, the fair value is estimated using discounted cash flows and market-based expectations for interest rates, credit risk and the contractual terms of the debt instruments. As of March 31, 2023, the carrying value and fair value of our long-term debt, including the current portion, were \$36,945 million and \$32,711 million, respectively. As of December 31, 2022, the carrying value and fair value of our long-term debt, including the current portion, were \$36,776 million and \$32,698 million, respectively.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

When used in this report, the terms “The Coca-Cola Company,” “Company,” “we,” “us” and “our” mean The Coca-Cola Company and all entities included in our consolidated financial statements.

On March 8, 2022, the Company announced the suspension of its business in Russia as a result of the conflict between Russia and Ukraine. In addition, the conflict has caused a disruption of our business in Ukraine. Given the rapidly changing conditions, the Company will continue to monitor and assess the situation as circumstances evolve. As a point of reference, during the three months ended April 1, 2022, the Company's business in Russia and Ukraine contributed approximately 2 percent of the Company's unit case volume and approximately 1 percent of both the Company's consolidated net operating revenues and operating income.

During the three months ended March 31, 2023, the effects of the COVID-19 pandemic continued to negatively impact our business. While uncertainties caused by the COVID-19 pandemic remain, and factors such as the state of the supply chain, labor shortages and the inflationary environment are likely to impact the pace of the economic recovery, we are focused on executing for growth.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Recoverability of Current and Noncurrent Assets

Our Company faces many uncertainties and risks related to various economic, political and regulatory environments in the countries and territories in which we operate, particularly in developing and emerging markets. Refer to the headings “Item 1A. Risk Factors” in Part I and “Our Business — Challenges and Risks” in Part II of our Annual Report on Form 10-K for the year ended December 31, 2022. As a result, management must make numerous assumptions, which involve a significant amount of judgment, when performing recoverability and impairment tests of current and noncurrent assets in various regions around the world.

We perform recoverability and impairment tests of current and noncurrent assets in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”). For certain assets, recoverability and/or impairment tests are required only when conditions exist that indicate the carrying value may not be recoverable. For other assets, impairment tests are required at least annually, or more frequently if events or circumstances indicate that an asset may be impaired.

The performance of recoverability and impairment tests of current and noncurrent assets involves critical accounting estimates. These estimates require significant management judgment, include inherent uncertainties and are often interdependent; therefore, they do not change in isolation. Factors that management must estimate include, among others, the economic lives of the assets, sales volume, pricing, royalty rates, cost of raw materials, delivery costs, the impact of any supply chain disruptions, inflation, long-term growth rates, cost of capital, marketing spending, foreign currency exchange rates, tax rates, capital spending, proceeds from the sale of assets and customers' financial condition. The variability of these factors depends on a number of conditions, and thus our accounting estimates may change from period to period. These factors are even more difficult to estimate as a result of uncertainties associated with the scope, severity and duration of the COVID-19 pandemic. The estimates we use when performing recoverability tests of assets are consistent with those we use in our internal planning. When performing impairment tests, we estimate the fair values of the assets using management's best assumptions, which we believe are consistent with those a market participant would use. The Company has certain intangible and other long-lived assets that are more dependent on cash flows generated in away-from-home channels and/or that generate cash flows in geographic areas which are more heavily impacted by the COVID-19 pandemic, and therefore these assets are more susceptible to impairment. In addition, intangible and other long-lived assets we acquired in recent transactions are naturally more susceptible to impairment, because they are recorded at fair value based on recent operating plans and macroeconomic conditions at the time of acquisition. If we had used other assumptions and estimates when impairment tests were performed, impairment charges could have resulted. Furthermore, if management uses different assumptions in future periods, or if different conditions exist in future periods, impairment charges could result. The total future impairment charges we may be required to record could be material.

As of March 31, 2023, the carrying value of our investment in Coca-Cola Bottlers Japan Holdings Inc. exceeded the fair value by \$8 million, or 2 percent. Based on the length of time and the extent to which the fair value has been less than our carrying value and our intent and ability to retain the investment for a period of time sufficient to allow for any anticipated recovery in market value, management determined that the decline in fair value was temporary in nature. Therefore, we did not record an impairment charge related to the investment.

Our equity method investees also perform such recoverability and impairment tests. If an impairment charge is recorded by one of our equity method investees, the Company records its proportionate share of such charge as a reduction of equity income (loss) — net in our consolidated statement of income. However, the actual amount we record with respect to our proportionate share of such charge may be impacted by items such as basis differences, deferred taxes and deferred gains.

OPERATIONS REVIEW

Sales of our ready-to-drink beverages are somewhat seasonal, with the second and third calendar quarters typically accounting for the highest sales volumes. The volume of sales in the beverage business may be affected by weather conditions.

Structural Changes, Acquired Brands and Newly Licensed Brands

In order to continually improve upon the Company's operating performance, from time to time, we engage in buying and selling ownership interests in bottling partners and other manufacturing operations. In addition, we periodically acquire brands and their related operations or enter into license agreements for certain brands to supplement our beverage offerings. These items impact our operating results and certain key metrics used by management in assessing the Company's performance.

Unit case volume growth is a key metric used by management to evaluate the Company's performance because it measures demand for our products at the consumer level. The Company's unit case volume represents the number of unit cases (or unit case equivalents) of Company beverage products directly or indirectly sold by the Company and its bottling partners to customers or consumers and, therefore, reflects unit case volume for both consolidated and unconsolidated bottlers. Refer to the heading "Beverage Volume" below.

Concentrate sales volume represents the amount of concentrates, syrups, source waters and powders/minerals (in all instances expressed in unit case equivalents) sold by, or used in finished products sold by, the Company to its bottling partners or other customers. For Costa non-ready-to-drink beverage products, concentrate sales volume represents the amount of beverages, primarily measured in number of transactions (in all instances expressed in unit case equivalents), sold by the Company to customers or consumers. Refer to the heading "Beverage Volume" below.

When we analyze our net operating revenues, we generally consider the following factors: (1) volume growth (concentrate sales volume or unit case volume, as applicable); (2) changes in price, product and geographic mix; (3) foreign currency exchange rate fluctuations; and (4) acquisitions and divestitures (including structural changes as defined below), as applicable. Refer to the heading "Net Operating Revenues" below. The Company sells concentrates and syrups to both consolidated and unconsolidated bottling partners. The ownership structure of our bottling partners impacts the timing of recognizing concentrate revenue and concentrate sales volume. When we sell concentrates or syrups to our consolidated bottling partners, we do not recognize the concentrate revenue or concentrate sales volume until the bottling partner has sold finished products manufactured from the concentrates or syrups to a third party. When we sell concentrates or syrups to our unconsolidated bottling partners, we recognize the concentrate revenue and concentrate sales volume when the concentrates or syrups are sold to the bottling partner. The subsequent sale of the finished products manufactured from the concentrates or syrups to a third party does not impact the timing of recognizing the concentrate revenue or concentrate sales volume. When we account for an unconsolidated bottling partner as an equity method investment, we eliminate the intercompany profit related to concentrate sales, to the extent of our ownership interest, until the equity method investee has sold finished products manufactured from the concentrates or syrups to a third party. We typically report unit case volume when finished products manufactured from the concentrates or syrups are sold to a third party, regardless of our ownership interest in the bottling partner, if any.

We generally refer to acquisitions and divestitures of bottling operations as "structural changes," which are a component of acquisitions and divestitures. Typically, structural changes do not impact the Company's unit case volume or concentrate sales volume on a consolidated basis or at the geographic operating segment level. We report unit case volume for all sales of Company beverage products, regardless of our ownership interest in the bottling partner, if any. However, the unit case volume reported by our Bottling Investments operating segment is generally impacted by structural changes because it only includes the unit case volume of our consolidated bottling operations. Refer to Note 2 of Notes to Consolidated Financial Statements for additional information on the Company's divestitures.

"Acquired brands" refers to brands acquired during the past 12 months. Typically, the Company has not reported unit case volume or recognized concentrate sales volume related to acquired brands in periods prior to the closing of a transaction. Therefore, the unit case volume and concentrate sales volume related to an acquired brand are incremental to prior year volume. We generally do not consider the acquisition of a brand to be a structural change.

"Licensed brands" refers to brands not owned by the Company but for which we hold certain rights, generally including, but not limited to, distribution rights, and from which we derive an economic benefit when the related products are sold. Typically, the Company has not reported unit case volume or recognized concentrate sales volume related to a licensed brand in periods prior to the beginning of the term of a license agreement. Therefore, in the year that a license agreement is entered into, the unit case volume and concentrate sales volume related to a licensed brand are incremental to prior year volume. We generally do not consider the licensing of a brand to be a structural change.

In July 2022, the Company acquired certain brands in Asia Pacific. The impact of acquiring these brands has been included in acquisitions and divestitures in our analysis of net operating revenues on a consolidated basis as well as for the Asia Pacific operating segment. Also, in August 2022, the Company acquired a controlling interest in a bottling operation in Malawi. The

impact of this acquisition has been included as a structural change in our analysis of net operating revenues on a consolidated basis as well as for the Bottling Investments operating segment. Additionally, in November 2022, the Company refranchised our bottling operations in Cambodia. The impact of this refranchising has been included as a structural change in our analysis of net operating revenues on a consolidated basis as well as for the Bottling Investments and Asia Pacific operating segments.

In January 2023, the Company refranchised our bottling operations in Vietnam. The impact of this refranchising has been included as a structural change in our analysis of net operating revenues on a consolidated basis as well as for the Bottling Investments and Asia Pacific operating segments.

Beverage Volume

We measure the volume of Company beverage products sold in two ways: (1) unit cases of finished products and (2) concentrate sales. As used in this report, “unit case” means a unit of measurement equal to 192 U.S. fluid ounces of finished beverage (24 eight-ounce servings), with the exception of unit case equivalents for Costa non-ready-to-drink beverage products, which are primarily measured in number of transactions; and “unit case volume” means the number of unit cases (or unit case equivalents) of Company beverage products directly or indirectly sold by the Company and its bottling partners to customers or consumers. Unit case volume primarily consists of beverage products bearing Company trademarks. Also included in unit case volume are certain brands licensed to, or distributed by, our Company, and brands owned by Coca-Cola system bottlers for which our Company provides marketing support and from the sale of which we derive an economic benefit. In addition, unit case volume includes sales by certain joint ventures in which the Company has an ownership interest. We believe unit case volume is one of the indicators of the underlying strength of the Coca-Cola system because it measures demand for our products at the consumer level. The unit case volume numbers used in this report are derived based on estimates received by the Company from its bottling partners and distributors. Concentrate sales volume represents the amount of concentrates, syrups, source waters and powders/minerals (in all instances expressed in unit case equivalents) sold by, or used in finished beverages sold by, the Company to its bottling partners or other customers. For Costa non-ready-to-drink beverage products, concentrate sales volume represents the amount of beverages, primarily measured in number of transactions (in all instances expressed in unit case equivalents), sold by the Company to customers or consumers. Unit case volume and concentrate sales volume growth rates are not necessarily equal during any given period. Factors such as seasonality, bottlers’ inventory practices, supply point changes, timing of price increases, new product introductions and changes in product mix can create differences between unit case volume and concentrate sales volume growth rates. In addition to these items, the impact of unit case volume from certain joint ventures in which the Company has an ownership interest, but to which the Company does not sell concentrates, syrups, source waters or powders/minerals, may give rise to differences between unit case volume and concentrate sales volume growth rates.

Information about our volume growth worldwide and for each of our operating segments is as follows:

	Percent Change 2023 versus 2022	
	Three Months Ended	
	March 31, 2023	
	Unit Cases ^{1,2,3}	Concentrate Sales ⁴
Worldwide	3 %	1 %
Europe, Middle East & Africa	(3)%	2 %
Latin America	5	1
North America	—	(2)
Asia Pacific	10	—
Global Ventures	7	8
Bottling Investments	(1) ⁵	N/A

¹ Bottling Investments operating segment data reflects unit case volume growth for consolidated bottlers only.

² Geographic and Global Ventures operating segment data reflects unit case volume growth for all bottlers, both consolidated and unconsolidated, and distributors in the applicable geographic areas. Global Ventures operating segment data also reflects unit case volume growth for Costa retail stores.

³ Unit case volume percent change is based on average daily sales. Unit case volume growth based on average daily sales is computed by comparing the average daily sales in each of the corresponding periods. Average daily sales are the unit cases sold during the period divided by the number of days in the period.

⁴ Concentrate sales volume represents the amount of concentrates, syrups, source waters and powders/minerals (in all instances expressed in unit case equivalents) sold by, or used in finished beverages sold by, the Company to its bottling partners or other customers and is not based on average daily sales. For Costa non-ready-to-drink beverage products, concentrate sales volume represents the amount of beverages, primarily measured in number of transactions (in all instances expressed in unit case equivalents), sold by the Company to customers or consumers and is not based on average daily sales. Each of our quarters, other than the fourth quarter, ends on the Friday closest to the last day of the corresponding quarterly calendar period. As a result, the first quarter of 2023 had one less day when compared to the first quarter of 2022, and the fourth quarter of 2023 will have one additional day when compared to the fourth quarter of 2022.

⁵ After considering the impact of structural changes, unit case volume for Bottling Investments for the three months ended March 31, 2023 grew 4 percent.

⁶ After considering the impact of acquisitions and structural changes, concentrate sales volume for Asia Pacific for the three months ended March 31, 2023 declined 2 percent.

Unit Case Volume

Although a significant portion of our Company's net operating revenues is not based directly on unit case volume, we believe unit case volume performance is one of the indicators of the underlying strength of the Coca-Cola system because it measures demand for our products at the consumer level.

Unit case volume in Europe, Middle East and Africa decreased 3 percent, which included a 30 percent decline in juice, value-added dairy and plant-based beverages, a 4 percent decline in sparkling flavors, and a 7 percent decline in water, sports, coffee and tea, partially offset by growth of 2 percent in Trademark Coca-Cola. The operating segment reported a decline in unit case volume of 7 percent in the Europe operating unit and a decline of 4 percent in the Africa operating unit, partially offset by growth of 7 percent in the Eurasia and Middle East operating unit. The decline in the Europe operating unit was due to the suspension of the Company's business in Russia.

Unit case volume in Latin America increased 5 percent, which included 10 percent growth in water, sports, coffee and tea, 3 percent growth in both Trademark Coca-Cola and sparkling flavors, and 5 percent growth in juice, value-added dairy and plant-based beverages. The operating segment's volume performance included 5 percent growth in Mexico and 6 percent growth in Brazil.

Unit case volume in North America was even, which included 3 percent growth in juice, value-added dairy and plant-based beverages and 1 percent growth in both Trademark Coca-Cola and sparkling flavors, offset by a 4 percent decline in water, sports, coffee and tea.

Unit case volume in Asia Pacific increased 10 percent, which included 11 percent growth in sparkling flavors, 8 percent growth in Trademark Coca-Cola, 10 percent growth in water, sports, coffee and tea, and 16 percent growth in juice, value-added dairy and plant-based beverages. The operating segment reported growth in unit case volume of 13 percent in the Greater China and Mongolia operating unit, 23 percent in the India and Southwest Asia operating unit and 1 percent in the ASEAN and South Pacific operating unit. Unit case volume in the Japan and South Korea operating unit was even.

Unit case volume for Global Ventures increased 7 percent, driven by 2 percent growth in water, sports, coffee and tea along with growth in energy drinks, partially offset by a 4 percent decline in juice, value-added dairy and plant-based beverages.

Unit case volume for Bottling Investments decreased 1 percent, which included the impact of refranchising our bottling operations in Cambodia and Vietnam and a decline in unit case volume in the Philippines, partially offset by growth in unit case volume in India.

Concentrate Sales Volume

During the three months ended March 31, 2023, worldwide concentrate sales volume increased 1 percent and unit case volume increased 3 percent compared to the three months ended April 1, 2022. Concentrate sales volume growth is calculated based on the amount sold during the reporting periods, which is impacted by the number of days. Conversely, unit case volume growth is calculated based on average daily sales, which is not impacted by the number of days in the reporting periods. The differences between concentrate sales volume and unit case volume growth rates for the operating segments were primarily due to the timing of concentrate shipments. In addition, the first quarter of 2023 had one less day when compared to the first quarter of 2022, which also contributed to the differences between concentrate sales volume and unit case volume growth rates on a consolidated basis and for the individual operating segments during the three months ended March 31, 2023. We expect the differences between concentrate sales volume and unit case volume growth rates to lessen over the remainder of the year.

Net Operating Revenues

During the three months ended March 31, 2023, net operating revenues were \$10,980 million, compared to \$10,491 million during the three months ended April 1, 2022, an increase of \$489 million, or 5 percent.

The following table illustrates, on a percentage basis, the estimated impact of the factors resulting in the increase (decrease) in net operating revenues on a consolidated basis and for each of our operating segments:

	Percent Change 2023 versus 2022				Total
	Volume ¹	Price, Product & Geographic Mix	Foreign Currency Fluctuations	Acquisitions & Divestitures ²	
Consolidated	1 %	11 %	(6)%	(1)%	5 %
Europe, Middle East & Africa	2 %	22 %	(13)%	— %	10 %
Latin America	1	18	(5)	—	14
North America	(2)	11	—	—	9
Asia Pacific	(2)	5	(8)	2	(3)
Global Ventures	8	(3)	(8)	—	(3)
Bottling Investments	3	8	(9)	(7)	(5)

Note: Certain rows may not add due to rounding.

¹ Represents the percent change in net operating revenues attributable to the increase (decrease) in concentrate sales volume for our geographic operating segments and our Global Ventures operating segment (expressed in unit case equivalents) after considering the impact of acquisitions and divestitures, if any. For our Bottling Investments operating segment, this represents the percent change in net operating revenues attributable to the increase (decrease) in unit case volume computed by comparing the total sales (rather than the average daily sales) in each of the corresponding periods after considering the impact of structural changes, if any. Our Bottling Investments operating segment data reflects unit case volume growth for consolidated bottlers only after considering the impact of structural changes, if any. Refer to the heading “Beverage Volume” above.

² Includes structural changes, if any. Refer to the heading “Structural Changes, Acquired Brands and Newly Licensed Brands” above.

Refer to the heading “Beverage Volume” above for additional information related to changes in our unit case and concentrate sales volumes.

“Price, product and geographic mix” refers to the change in net operating revenues caused by factors such as price changes, the mix of products and packages sold, and the mix of channels and geographic territories where the sales occurred. The impact of price, product and geographic mix is calculated by subtracting the change in net operating revenues resulting from volume increases or decreases, fluctuations in foreign currency exchange rates, and acquisitions and divestitures from the total change in net operating revenues. Management believes that providing investors with price, product and geographic mix enhances their understanding about the combined impact that the following items had on the Company’s net operating revenues: (1) pricing actions taken by the Company and, where applicable, our bottling partners; (2) changes in the mix of products and packages sold; (3) changes in the mix of channels where products were sold; and (4) changes in the mix of geographic territories where products were sold. Management uses this measure in making financial, operating and planning decisions and in evaluating the Company’s performance.

Price, product and geographic mix had an 11 percent favorable impact on our consolidated net operating revenues. Price, product and geographic mix was impacted by a variety of factors and events including, but not limited to, the following:

- Europe, Middle East and Africa — favorable pricing initiatives, including inflationary pricing in Türkiye, partially offset by unfavorable geographic mix;
- Latin America — favorable pricing initiatives, including inflationary pricing in Argentina, along with favorable channel and package mix;
- North America — favorable pricing initiatives and favorable channel, package and product mix;
- Asia Pacific — favorable pricing initiatives, partially offset by unfavorable geographic mix;
- Global Ventures — unfavorable impact of no longer receiving COVID-related incentives in the current year, partially offset by favorable channel mix, primarily due to the favorable performance of Costa in the United Kingdom and China; and
- Bottling Investments — favorable pricing initiatives across most markets, partially offset by unfavorable geographic mix.

The favorable channel and package mix in all applicable operating segments was primarily a result of the continued recovery from the COVID-19 pandemic in away-from-home channels in many markets in the current year.

Fluctuations in foreign currency exchange rates decreased our consolidated net operating revenues by 6 percent. This unfavorable impact was primarily due to a stronger U.S. dollar compared to certain foreign currencies, including the Argentine peso, British pound sterling, South African rand, Indian rupee and Japanese yen, which had an unfavorable impact on our Latin America; Global Ventures; Europe, Middle East and Africa; Bottling Investments; and Asia Pacific operating segments. The unfavorable impact of a stronger U.S. dollar compared to the currencies listed above was partially offset by the impact of a weaker U.S. dollar compared to certain other foreign currencies, including the Mexican peso, which had a favorable impact on our Latin America operating segment. Refer to the heading “Liquidity, Capital Resources and Financial Position — Foreign Exchange” below.

“Acquisitions and divestitures” generally refers to acquisitions and divestitures of brands or businesses, some of which the Company considers to be structural changes. The impact of acquisitions and divestitures is the difference between the change in net operating revenues and the change in what our net operating revenues would have been if we removed the net operating revenues associated with an acquisition or a divestiture from either the current year or the prior year, as applicable. Management believes that quantifying the impact that acquisitions and divestitures had on the Company’s net operating revenues provides investors with useful information to enhance their understanding of the Company’s net operating revenue performance by improving their ability to compare our period-to-period results. Management considers the impact of acquisitions and divestitures when evaluating the Company’s performance. Refer to the heading “Structural Changes, Acquired Brands and Newly Licensed Brands” above for additional information related to acquisitions and divestitures.

Net operating revenue growth rates are impacted by sales volume; price, product and geographic mix; foreign currency exchange rate fluctuations; and acquisitions and divestitures. The size and timing of acquisitions and divestitures are not consistent from period to period. Based on current spot rates and our hedging coverage in place, we expect foreign currency exchange rate fluctuations will have an unfavorable impact on our full year 2023 net operating revenues.

Gross Profit Margin

Gross profit margin is a ratio calculated by dividing gross profit by net operating revenues. Management believes gross profit margin provides investors with useful information related to the profitability of our business prior to considering all of the selling, general and administrative expenses and other operating charges incurred. Management uses this measure in making financial, operating and planning decisions and in evaluating the Company’s performance.

Our gross profit margin decreased to 60.7 percent for the three months ended March 31, 2023, compared to 61.0 percent for the three months ended April 1, 2022. The decrease was primarily due to the unfavorable impact of foreign currency exchange rate fluctuations and increased commodity costs, partially offset by the impact of favorable pricing initiatives, favorable channel and package mix, and structural changes. We expect commodity costs to continue to have an unfavorable impact on our gross profit margin during the remainder of 2023, and we will continue to proactively take actions in an effort to mitigate the impact of these incremental costs.

Selling, General and Administrative Expenses

The following table sets forth the components of selling, general and administrative expenses (in millions):

	Three Months Ended	
	March 31, 2023	April 1, 2022
Selling and distribution expenses	\$ 654	\$ 655
Advertising expenses	1,065	980
Stock-based compensation expense	58	87
Other operating expenses	1,408	1,245
Selling, general and administrative expenses	\$ 3,185	\$ 2,967

During the three months ended March 31, 2023, selling, general and administrative expenses increased \$218 million, or 7 percent, versus the prior year. The increase was primarily due to increased marketing spending and operating expenses, partially offset by a decrease in stock-based compensation expense. During the three months ended March 31, 2023, foreign currency exchange rate fluctuations decreased selling, general and administrative expenses by 5 percent.

As of March 31, 2023, we had \$428 million of total unrecognized compensation cost related to nonvested stock-based compensation awards granted under our plans, which we expect to recognize over a weighted-average period of 2.1 years as stock-based compensation expense. This expected cost does not include the impact of any future stock-based compensation awards.

Other Operating Charges

Other operating charges incurred by operating segment and Corporate were as follows (in millions):

	Three Months Ended	
	March 31, 2023	April 1, 2022
Europe, Middle East & Africa	\$ —	\$ (1)
Latin America	—	—
North America	18	(17)
Asia Pacific	—	—
Global Ventures	—	—
Bottling Investments	—	—
Corporate	93	46
Total	\$ 111	\$ 28

During the three months ended March 31, 2023, the Company recorded other operating charges of \$111 million. These charges primarily consisted of \$62 million related to the remeasurement of our contingent consideration liability to fair value in conjunction with our acquisition of fairlife, LLC (“fairlife”) in 2020, \$27 million related to the Company’s productivity and reinvestment program and \$18 million related to the restructuring of our North America operating unit. In addition, other operating charges included \$4 million for the amortization of noncompete agreements related to the BA Sports Nutrition, LLC (“BodyArmor”) acquisition in 2021.

During the three months ended April 1, 2022, the Company recorded other operating charges of \$28 million. These charges primarily consisted of \$22 million related to the remeasurement of our contingent consideration liability to fair value in conjunction with the fairlife acquisition, \$10 million related to the Company’s productivity and reinvestment program and \$2 million related to the restructuring of our manufacturing operations in the United States. These charges were partially offset by a net gain of \$5 million, which included the reimbursement of distributor termination fees for BodyArmor recorded in 2021 partially offset by various transition and transaction costs, employee retention costs and the amortization of noncompete agreements, and income of \$1 million related to the Company’s strategic realignment initiatives primarily as a result of a revision to estimated severance costs accrued in 2021.

Refer to Note 13 of Notes to Consolidated Financial Statements for additional information on the Company’s restructuring initiatives. Refer to Note 16 of Notes to Consolidated Financial Statements for additional information on the fairlife acquisition. Refer to Note 17 of Notes to Consolidated Financial Statements for the impact these charges had on our operating segments and Corporate.

Operating Income and Operating Margin

Information about our operating income contribution by operating segment and Corporate on a percentage basis is as follows:

	Three Months Ended	
	March 31, 2023	April 1, 2022
Europe, Middle East & Africa	33.7 %	29.6 %
Latin America	25.4	22.3
North America	30.7	31.0
Asia Pacific	16.7	19.5
Global Ventures	1.5	1.5
Bottling Investments	4.1	5.7
Corporate	(12.1)	(9.6)
Total	100.0 %	100.0 %

Operating margin is a ratio calculated by dividing operating income by net operating revenues. Management believes operating margin provides investors with useful information related to the profitability of our business after considering all of the selling, general and administrative expenses and other operating charges incurred. Management uses this measure in making financial, operating and planning decisions and in evaluating the Company’s performance.

Information about our operating margin on a consolidated basis and for each of our operating segments and Corporate is as follows:

	Three Months Ended	
	March 31, 2023	April 1, 2022
Consolidated	30.7 %	32.5 %
Europe, Middle East & Africa	62.0 %	60.6 %
Latin America	61.6	62.6
North America	26.5	29.4
Asia Pacific	47.5	53.9
Global Ventures	7.2	6.9
Bottling Investments	7.1	9.5
Corporate	*	*

* Calculation is not meaningful.

During the three months ended March 31, 2023, operating income was \$3,367 million, compared to \$3,405 million during the three months ended April 1, 2022, a decrease of \$38 million, or 1 percent. The decrease was driven by an unfavorable foreign currency exchange rate impact; higher other operating charges; and higher selling, general and administrative expenses. These items were partially offset by favorable pricing initiatives, concentrate sales volume growth of 1 percent, and favorable channel and package mix.

During the three months ended March 31, 2023, fluctuations in foreign currency exchange rates unfavorably impacted consolidated operating income by 8 percent due to a stronger U.S. dollar compared to certain foreign currencies, including the Argentine peso, Zimbabwean dollar, Turkish lira, euro and Japanese yen, which had an unfavorable impact on our Latin America; Europe, Middle East and Africa; and Asia Pacific operating segments. The unfavorable impact of a stronger U.S. dollar compared to the currencies listed above was partially offset by the impact of a weaker U.S. dollar compared to certain other foreign currencies, including the Mexican peso, which had a favorable impact on our Latin America operating segment. Refer to the heading “Liquidity, Capital Resources and Financial Position — Foreign Exchange” below.

The Europe, Middle East and Africa operating segment reported operating income of \$1,135 million and \$1,007 million for the three months ended March 31, 2023 and April 1, 2022, respectively. The increase in operating income was primarily driven by concentrate sales volume growth of 2 percent and favorable pricing initiatives, partially offset by an unfavorable foreign currency exchange rate impact of 16 percent and higher commodity costs.

Latin America reported operating income of \$853 million and \$760 million for the three months ended March 31, 2023 and April 1, 2022, respectively. The increase in operating income was primarily driven by concentrate sales volume growth of 1 percent, favorable pricing initiatives, and favorable channel and package mix, partially offset by increased marketing spending, higher commodity costs and an unfavorable foreign currency exchange rate impact of 6 percent.

Operating income for North America for the three months ended March 31, 2023 and April 1, 2022 was \$1,033 million and \$1,056 million, respectively. The decrease in operating income was primarily driven by a decline in concentrate sales volume of 2 percent, higher other operating charges, higher commodity costs and increased marketing spending, partially offset by favorable pricing initiatives and favorable channel, package and product mix.

Asia Pacific’s operating income for the three months ended March 31, 2023 and April 1, 2022 was \$563 million and \$664 million, respectively. The decrease in operating income was primarily driven by an unfavorable foreign currency exchange rate impact of 8 percent, a decline in concentrate sales volume of 2 percent, higher commodity costs and higher operating expenses, partially offset by favorable pricing initiatives and the impact of structural changes.

Global Ventures’ operating income for the three months ended March 31, 2023 and April 1, 2022 was \$51 million and \$51 million, respectively. Operating income for the three months ended March 31, 2023 was impacted by concentrate sales volume growth of 8 percent and lower operating expenses. These favorable impacts were offset by the impact of higher commodity costs and an unfavorable foreign currency exchange rate impact of 1 percent.

Bottling Investments’ operating income for the three months ended March 31, 2023 and April 1, 2022 was \$139 million and \$193 million, respectively. The decrease in operating income was primarily driven by an unfavorable foreign currency exchange rate impact of 7 percent and the refranchising of our bottling operations in Vietnam and Cambodia, partially offset by unit case volume growth of 3 percent and favorable pricing initiatives.

Corporate's operating loss for the three months ended March 31, 2023 and April 1, 2022 was \$407 million and \$326 million, respectively. Operating loss in 2023 increased primarily as a result of higher other operating charges due to the remeasurement of our contingent consideration liability to fair value in conjunction with the fairlife acquisition and an unfavorable foreign currency exchange rate impact of 1 percent.

Based on current spot rates and our hedging coverage in place, we expect foreign currency exchange rate fluctuations will have an unfavorable impact on our full year 2023 operating income.

Interest Income

During the three months ended March 31, 2023, interest income was \$168 million, compared to \$78 million during the three months ended April 1, 2022, an increase of \$90 million, or 114 percent. The increase was primarily driven by higher returns in certain of our international locations.

Interest Expense

During the three months ended March 31, 2023, interest expense was \$372 million, compared to \$182 million during the three months ended April 1, 2022, an increase of \$190 million, or 105 percent. The increase was primarily due to higher interest rates on short-term borrowings and derivative instruments compared to the prior year.

Equity Income (Loss) — Net

During the three months ended March 31, 2023, equity income was \$275 million, compared to equity income of \$262 million during the three months ended April 1, 2022, an increase of \$13 million, or 5 percent. The increase reflects, among other items, the impact of more favorable operating results reported by some of our equity method investees in the current year, partially offset by an \$87 million increase in net charges resulting from the Company's proportionate share of significant operating and nonoperating items recorded by certain of our equity method investees.

Other Income (Loss) — Net

During the three months ended March 31, 2023, other income (loss) — net was income of \$615 million. The Company recognized a gain of \$439 million related to the refranchising of our bottling operations in Vietnam. The Company recognized a net gain of \$113 million related to realized and unrealized gains and losses on equity securities and trading debt securities as well as realized gains and losses on available-for-sale debt securities, and recognized net foreign currency exchange losses of \$24 million. Additionally, other income (loss) — net included income of \$13 million related to the non-service cost components of net periodic benefit cost and dividend income of \$66 million.

During the three months ended April 1, 2022, other income (loss) — net was a loss of \$105 million. The Company recognized a net loss of \$104 million related to realized and unrealized gains and losses on equity securities and trading debt securities as well as realized gains and losses on available-for-sale debt securities, net foreign currency exchange losses of \$73 million and a net loss of \$24 million as a result of one of our equity method investees issuing additional shares of its stock. Additionally, other income (loss) — net included income of \$70 million related to the non-service cost components of net periodic benefit income and dividend income of \$12 million.

Refer to Note 2 of Notes to Consolidated Financial Statements for additional information on the refranchising of our bottling operations in Vietnam. Refer to Note 4 of Notes to Consolidated Financial Statements for additional information on equity and debt securities. Refer to Note 14 of Notes to Consolidated Financial Statements for additional information on net periodic benefit cost or income. Refer to Note 16 of Notes to Consolidated Financial Statements for additional information on one of our equity method investees issuing additional shares of its stock. Refer to Note 17 of Notes to Consolidated Financial Statements for the impact that certain of these items had on our operating segments and Corporate.

Income Taxes

The Company recorded income taxes of \$940 million (23.2 percent effective tax rate) and \$665 million (19.2 percent effective tax rate) during the three months ended March 31, 2023 and April 1, 2022, respectively.

The Company's effective tax rates for the three months ended March 31, 2023 and April 1, 2022 vary from the statutory U.S. federal tax rate of 21.0 percent primarily due to the tax impact of significant operating and nonoperating items, as described in Note 12 of Notes to Consolidated Financial Statements, along with the tax benefits of having significant earnings generated outside of the United States and significant earnings generated in investments accounted for under the equity method, both of which are generally taxed at rates lower than the statutory U.S. federal tax rate.

On November 18, 2020, the U.S. Tax Court ("Tax Court") issued an opinion ("Opinion") regarding the Company's 2015 litigation with the U.S. Internal Revenue Service ("IRS") involving transfer pricing tax adjustments in which the Tax Court

predominantly sided with the IRS. The Company strongly disagrees with the Opinion and intends to vigorously defend its position. Refer to Note 9 of Notes to Consolidated Financial Statements for additional information on the tax litigation.

At the end of each quarter, we make our best estimate of the effective tax rate expected to be applicable for the full fiscal year. This estimate reflects, among other items, our best estimate of operating results and foreign currency exchange rates. Based on enacted tax laws, as well as our current interpretation of recently issued regulations, the Company's effective tax rate in 2023 is expected to be 20.2 percent before considering the potential impact of any significant operating and nonoperating items that may affect our effective tax rate. However, we currently anticipate the enactment of pending tax legislation outside of the United States during the second quarter of 2023, which, if enacted, is expected to reduce our full year 2023 effective tax rate to approximately 19.5 percent before considering the potential impact of any significant operating and nonoperating items that may affect our effective tax rate. These rates do not include the impact of the ongoing tax litigation with the IRS, if the Company were not to prevail.

LIQUIDITY, CAPITAL RESOURCES AND FINANCIAL POSITION

We believe our ability to generate cash flows from operating activities is one of the fundamental strengths of our business. Refer to the heading "Cash Flows from Operating Activities" below. The Company does not typically raise capital through the issuance of stock. Instead, we use debt financing to lower our overall cost of capital and increase our return on shareowners' equity. Refer to the heading "Cash Flows from Financing Activities" below. We have a history of borrowing funds both domestically and internationally at reasonable interest rates, and we expect to be able to continue to borrow funds at reasonable rates over the long term. Our debt financing also includes the use of a commercial paper program. We currently have the ability to borrow funds in this market at levels that are consistent with our debt financing strategy, and we expect to continue to be able to do so in the future. The Company regularly reviews its optimal mix of short-term and long-term debt.

The Company's cash, cash equivalents, short-term investments and marketable securities totaled \$14.3 billion as of March 31, 2023. In addition to these funds, our commercial paper program, and our ability to issue long-term debt, we had \$4.2 billion in unused backup lines of credit for general corporate purposes as of March 31, 2023. These backup lines of credit expire at various times through 2028.

Our current payment terms with the majority of our suppliers are 120 days. Two global financial institutions offer a voluntary supply chain finance program which enables our suppliers, at their sole discretion, to sell their receivables from the Company to these financial institutions on a non-recourse basis at a rate that leverages our credit rating and thus may be more beneficial to them. We do not believe there is a risk that our payment terms will be shortened in the near future. Refer to Note 7 of Notes to Consolidated Financial Statements for additional information.

Our current capital allocation priorities are as follows: investing wisely to support our business operations, continuing to grow our dividend payment, enhancing our beverage portfolio and capabilities through consumer-centric acquisitions, and using excess cash to repurchase shares over time. We currently expect 2023 capital expenditures to be approximately \$1.9 billion. During 2023, we also expect to repurchase shares to offset dilution resulting from employee stock-based compensation plans.

We are currently in litigation with the IRS for tax years 2007 through 2009. On November 18, 2020, the Tax Court issued the Opinion in which it predominantly sided with the IRS; however, a decision is still pending and the timing of such decision is not currently known. The Company strongly disagrees with the IRS' positions and the portions of the Opinion affirming such positions and intends to vigorously defend our positions utilizing every available avenue of appeal. While the Company believes that it is more likely than not that we will ultimately prevail in this litigation upon appeal, it is possible that all, or some portion of, the adjustments proposed by the IRS and sustained by the Tax Court could ultimately be upheld. In the event that all of the adjustments proposed by the IRS were to be ultimately upheld for tax years 2007 through 2009 and the IRS, with the consent of the federal courts, were to decide to apply the underlying methodology ("Tax Court Methodology") to the subsequent years up to and including 2022, the Company currently estimates that the potential aggregate incremental tax and interest liability could be approximately \$14 billion as of December 31, 2022. Additional income tax and interest would continue to accrue until the time any such potential liability, or portion thereof, were to be paid. The Company estimates the impact of the continued application of the Tax Court Methodology for the three months ended March 31, 2023 would increase the potential aggregate incremental tax and interest liability by approximately \$400 million. Once the Tax Court renders a decision, the Company will have 90 days to file a notice of appeal and pay the portion of the potential aggregate incremental tax and interest liability related to the 2007 through 2009 tax years, which we currently estimate to be approximately \$5.4 billion (including interest accrued through March 31, 2023), plus any additional interest accrued through the time of payment. Refer to Note 9 of Notes to Consolidated Financial Statements for additional information on the tax litigation.

While we believe it is more likely than not that we will prevail in the tax litigation discussed above, we are confident that, between our ability to generate cash flows from operating activities and our ability to borrow funds at reasonable interest rates, we can manage the range of possible outcomes in the final resolution of the matter.

Based on all of the aforementioned factors, the Company believes its current liquidity position is strong and will continue to be sufficient to fund our operating activities and cash commitments for investing and financing activities for the foreseeable future.

Cash Flows from Operating Activities

The Company has a trade accounts receivable factoring program in certain countries. Under this program, we can elect to sell trade accounts receivables to unaffiliated financial institutions at a discount. In these factoring arrangements, for ease of administration, the Company collects customer payments related to the factored receivables and remits those payments to the financial institutions. The Company sold \$2,709 million and \$1,597 million of trade accounts receivables under this program during the three months ended March 31, 2023 and April 1, 2022, respectively. The costs of factoring such receivables were \$11 million and \$1 million for the three months ended March 31, 2023 and April 1, 2022, respectively. The cash received from the financial institutions is reflected within the operating activities section of our consolidated statement of cash flows.

Net cash provided by operating activities during the three months ended March 31, 2023 and April 1, 2022 was \$160 million and \$623 million, respectively, a decrease of \$463 million, or 74 percent. This decrease was primarily driven by the timing of working capital initiatives, payments resulting from the buildup of inventory in the prior year to manage potential supply chain disruptions, an unfavorable impact due to foreign currency exchange rate fluctuations, and \$167 million of the \$275 million milestone payment for fairlife. These items were partially offset by lower marketing payments resulting from year-end accruals. Refer to Note 16 of Notes to Consolidated Financial Statements for additional information on the milestone payment for fairlife.

Cash Flows from Investing Activities

Net cash provided by investing activities during the three months ended March 31, 2023 and April 1, 2022 was \$117 million and \$146 million, respectively.

During the three months ended April 1, 2022, purchases of investments were \$835 million and proceeds from disposals of investments were \$1,323 million, resulting in a net cash inflow of \$488 million. This activity primarily represents the purchases of, and proceeds from the disposals of, investments in marketable securities and short-term investments that were made as part of the Company's overall cash management strategy. Also included in this activity are purchases of, and proceeds from the disposals of, investments held by our captive insurance companies. Refer to Note 4 of Notes to Consolidated Financial Statements for additional information on our investments.

Proceeds from Disposals of Businesses, Equity Method Investments and Nonmarketable Securities

During the three months ended March 31, 2023 and April 1, 2022, proceeds from disposals of businesses, equity method investments and nonmarketable securities were \$319 million and \$218 million, respectively, which primarily related to the sales of our ownership interests in certain equity method investees.

In addition to shares repurchased under the share repurchase plan, the Company's treasury stock activity included shares surrendered to the Company to pay the exercise price and/or to satisfy tax withholding obligations in connection with so-called stock swap exercises of employee stock options and/or the vesting of restricted stock issued to employees. The net impact of the Company's issuances of stock and share repurchases during the three months ended March 31, 2023 resulted in a net cash outflow of \$619 million.

During the three months ended April 1, 2022, the total cash outflow for treasury stock purchases was \$546 million. The Company repurchased 7.7 million shares of common stock under the share repurchase plan authorized by our Board of Directors. These shares were repurchased at an average cost of \$61.48 per share, for a total cost of \$471 million. In addition to shares repurchased under the share repurchase plan, the Company's treasury stock activity included shares surrendered to the Company to pay the exercise price and/or to satisfy tax withholding obligations in connection with so-called stock swap exercises of employee stock options and/or the vesting of restricted stock issued to employees. The net impact of the Company's issuances of stock and share repurchases during the three months ended April 1, 2022 resulted in a net cash outflow of \$97 million.

Dividends

During the three months ended March 31, 2023 and April 1, 2022, the Company paid dividends of \$101 million and \$1,906 million, respectively. As a result of the timing of our quarterly reporting periods as well as our dividend payment dates, the Company paid substantially all of the first quarterly dividend of 2023 in the second quarter and paid all of the first quarterly dividend of 2022 in the first quarter.

Our Board of Directors approved the Company's regular quarterly dividend of \$0.46 per share at its April 2023 meeting. This dividend is payable on July 3, 2023 to shareowners of record as of the close of business on June 16, 2023.

The cash outflow during the three months ended April 1, 2022 included payments totaling \$568 million of the purchase price of BodyArmor, which included amounts originally held back for indemnification obligations. Additionally, the cash outflow during the three months ended April 1, 2022 included repayments of collateral related to our hedging programs. Refer to Note 16 of Notes to Consolidated Financial Statements for additional information on the milestone payment for fairlife.

Foreign Exchange

Our international operations are subject to certain opportunities and risks, including currency fluctuations and governmental actions. We closely monitor our operations in each country and seek to adopt appropriate strategies that are responsive to changing economic and political environments as well as to fluctuations in currencies.

Due to the geographic diversity of our operations, weakness in some currencies may be offset by strength in other currencies over time. Our foreign currency management program is designed to mitigate, over time, a portion of the potentially

unfavorable impact of exchange rate fluctuations on our net income. Taking into account the effects of our hedging activities, the impact of fluctuations in foreign currency exchange rates decreased our operating income for the three months ended March 31, 2023 by 8 percent.

Based on current spot rates and our hedging coverage in place, we expect foreign currency exchange rate fluctuations will have an unfavorable impact on operating income and cash flows from operating activities through the end of the year.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have no material changes to the disclosures on this matter made in our Annual Report on Form 10-K for the year ended December 31, 2022.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company, under the supervision and with the participation of its management, including the Chief Executive Officer and the Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's "disclosure controls and procedures" (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended ("Exchange Act")) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective as of March 31, 2023.

Changes in Internal Control Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting during the quarter ended March 31, 2023 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

Information regarding reportable legal proceedings is contained in Part I, “Item 3. Legal Proceedings” in our Annual Report on Form 10-K for the year ended December 31, 2022. The following updates and restates the description of the previously reported U.S. Federal Income Tax Dispute matter.

U.S. Federal Income Tax Dispute

On September 17, 2015, the Company received a Statutory Notice of Deficiency (“Notice”) from the U.S. Internal Revenue Service (“IRS”) seeking approximately \$3.3 billion of additional federal income tax for years 2007 through 2009. In the Notice, the IRS stated its intent to reallocate over \$9 billion of income to the U.S. parent company from certain of its foreign affiliates that the U.S. parent company licensed to manufacture, distribute, sell, market and promote its products in certain non-U.S. markets.

The Notice concerned the Company’s transfer pricing between its U.S. parent company and certain of its foreign affiliates. IRS rules governing transfer pricing require arm’s-length pricing of transactions between related parties such as the Company’s U.S. parent and its foreign affiliates.

To resolve the same transfer pricing issue for the tax years 1987 through 1995, the Company and the IRS had agreed in 1996 on an arm’s-length methodology for determining the amount of U.S. taxable income that the U.S. parent company would report as compensation from its foreign licensees. The Company and the IRS memorialized this accord in a closing agreement resolving that dispute (“Closing Agreement”). The Closing Agreement provided that, absent a change in material facts or circumstances or relevant federal tax law, in calculating the Company’s income taxes going forward, the Company would not be assessed penalties by the IRS for using the agreed-upon tax calculation methodology that the Company and the IRS agreed would be used for the 1987 through 1995 tax years.

The IRS audited and confirmed the Company’s compliance with the agreed-upon Closing Agreement methodology in five successive audit cycles for tax years 1996 through 2006.

The September 17, 2015 Notice from the IRS retroactively rejected the previously agreed-upon methodology for the 2007 through 2009 tax years in favor of an entirely different methodology, without prior notice to the Company. Using the new tax calculation methodology, the IRS reallocated over \$9 billion of income to the U.S. parent company from its foreign licensees for tax years 2007 through 2009. Consistent with the Closing Agreement, the IRS did not assert penalties, and it has yet to do so.

The IRS designated the Company’s matter for litigation on October 15, 2015. Litigation designation is an IRS determination that forecloses to a company any and all alternative means for resolution of a tax dispute. As a result of the IRS’ designation of the Company’s matter for litigation, the Company was forced to either accept the IRS’ newly imposed tax assessment and pay the full amount of the asserted tax or litigate the matter in the federal courts. The matter remains subject to the IRS’ litigation designation, preventing the Company from any attempt to settle or otherwise mutually resolve the matter with the IRS.

The Company consequently initiated litigation by filing a petition in the U.S. Tax Court (“Tax Court”) in December 2015, challenging the tax adjustments enumerated in the Notice.

Prior to trial, the IRS increased its transfer pricing adjustment by \$385 million, resulting in an additional tax adjustment of \$135 million. The Company obtained a summary judgment in its favor on a different matter related to Mexican foreign tax credits, which thereafter effectively reduced the IRS’ potential tax adjustment by \$138 million.

The trial was held in the Tax Court from March through May 2018, and final post-trial briefs were filed and exchanged in April 2019.

On November 18, 2020, the Tax Court issued an opinion (“Opinion”) in which it predominantly sided with the IRS but agreed with the Company that dividends previously paid by the foreign licensees to the U.S. parent company in reliance upon the Closing Agreement should continue to be allowed to offset royalties, including those that would become payable to the Company in accordance with the Opinion. The Tax Court reserved ruling on the effect of Brazilian legal restrictions on the payment of royalties by the Company’s licensee in Brazil until after the Tax Court issues its opinion in the separate case of 3M Co. & Subs. v. Commissioner, T.C. Docket No. 5816-13 (filed March 11, 2013). The Tax Court issued its opinion in 3M Co.’s case (“3M Co. opinion”) on February 9, 2023. Once the Tax Court completes its analysis of the application of the 3M Co. opinion to the Company’s case, the Company expects the Tax Court to render another opinion, and ultimately a decision, in the Company’s case.

The Company believes that the IRS and the Tax Court misinterpreted and misapplied the applicable regulations in reallocating income earned by the Company’s foreign licensees to increase the Company’s U.S. tax. Moreover, the Company believes that

the retroactive imposition of such tax liability using a calculation methodology different from that previously agreed upon by the IRS and the Company, and audited by the IRS for over a decade, is unconstitutional. The Company intends to assert its claims on appeal and vigorously defend its position.

In determining the amount of tax reserve to be recorded as of December 31, 2020, the Company completed the required two-step evaluation process prescribed by Accounting Standards Codification 740, *Accounting for Income Taxes*. In doing so, we consulted with outside advisors, and we reviewed and considered relevant laws, rules, and regulations, including, but not limited to, the Opinion and relevant caselaw. We also considered our intention to vigorously defend our positions and assert our various well-founded legal claims via every available avenue of appeal. We concluded, based on the technical and legal merits of the Company's tax positions, that it is more likely than not the Company's tax positions will ultimately be sustained on appeal. In addition, we considered a number of alternative transfer pricing methodologies, including the methodology asserted by the IRS and affirmed in the Opinion ("Tax Court Methodology"), that could be applied by the courts upon final resolution of the litigation. Based on the required probability analysis, we determined the methodologies we believe the federal courts could ultimately order to be used in calculating the Company's tax. As a result of this analysis, we recorded a tax reserve of \$438 million during the year ended December 31, 2020 related to the application of the resulting methodologies as well as the different tax treatment applicable to dividends originally paid to the U.S. parent company by its foreign licensees, in reliance upon the Closing Agreement, that would be recharacterized as royalties in accordance with the Opinion and the Company's analysis.

The Company's conclusion that it is more likely than not the Company's tax positions will ultimately be sustained on appeal is unchanged as of March 31, 2023. However, we updated our calculation of the methodologies we believe the federal courts could ultimately order to be used in calculating the Company's tax. As a result of the application of the required probability analysis to these updated calculations and the accrual of interest through the current reporting period, we updated our tax reserve as of March 31, 2023 to \$432 million.

While the Company strongly disagrees with the IRS' positions and the portions of the Opinion affirming such positions, it is possible that some portion or all of the adjustment proposed by the IRS and sustained by the Tax Court could ultimately be upheld. In that event, the Company would likely be subject to significant additional liabilities for tax years 2007 through 2009, and potentially also for subsequent years, which could have a material adverse impact on the Company's financial position, results of operations and cash flows.

The Company calculated the potential impact of applying the Tax Court Methodology to reallocate income from foreign licensees potentially covered within the scope of the Opinion, assuming such methodology were to be ultimately upheld by the courts and the IRS were to decide to apply that methodology to subsequent years with consent of the federal courts. This impact would include taxes and interest accrued through December 31, 2022 for the 2007 through 2009 litigated tax years and for subsequent tax years from 2010 through 2022. The calculations incorporated the estimated impact of correlative adjustments to the previously accrued transition tax payable under the 2017 Tax Cuts and Jobs Act. The Company estimates that the potential aggregate incremental tax and interest liability could be approximately \$14 billion as of December 31, 2022. Additional income tax and interest would continue to accrue until the time any such potential liability, or portion thereof, were to be paid. The Company estimates the impact of the continued application of the Tax Court Methodology for the three months ended March 31, 2023 would increase the potential aggregate incremental tax and interest liability by approximately \$400 million. Additionally, we currently project the continued application of the Tax Court Methodology in future years, assuming similar facts and circumstances as of December 31, 2022, would result in an incremental annual tax liability that would increase the Company's effective tax rate by approximately 3.5 percent.

The Company does not know when the Tax Court will issue its opinion regarding the effect of Brazilian legal restrictions on the payment of royalties by the Company's licensee in Brazil for the 2007 through 2009 tax years. After the Tax Court issues its opinion on the Company's Brazilian licensee, the Company and the IRS will be provided time to agree on the tax impact of both opinions, after which the Tax Court would render a decision in the case. The Company will have 90 days thereafter to file a notice of appeal to the U.S. Court of Appeals for the Eleventh Circuit and pay the tax liability and interest related to the 2007 through 2009 tax years. The Company currently estimates that the payment to be made at that time related to the 2007 through 2009 tax years, which is included in the above estimate of the potential aggregate incremental tax and interest liability, would be approximately \$5.4 billion (including interest accrued through March 31, 2023), plus any additional interest accrued through the time of payment. Some or all of this amount would be refunded if the Company were to prevail on appeal.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2022, which could materially affect our business, financial condition or future results. The risks described in this report and in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us, or that we currently deem to be immaterial, could also materially adversely affect our business, financial condition or future results.

Award Notification – Performance Share

Congratulations [INSERT FULL NAME]! On [INSERT GRANT DATE], The Coca-Cola Company (the **Company**) granted you an award (your **Award**) under The Coca-Cola Company 2014 Equity Plan, as amended from time to time (the **Plan**). Your Award is a great opportunity to share in the long-term success of the Company and contribute to its future growth.

This document provides details of the key terms of your Award. Your Award is subject to the formal rules of the Plan, plus the additional terms and conditions (including country specific terms) as set out in a document called the "Additional Terms". The Additional Terms is available to review as part of the Award acceptance process. The Plan is available in the Documents section of the Morgan Stanley at Work® website. This Award Notification (including the appendices), the Plan and the Additional Terms together form your Award Agreement. You are being asked to confirm that you understand and agree to be bound by these documents as part of the Award acceptance process, so we recommend you read them carefully.

Details of Award	
Type of Award	Performance Award (sometimes called Performance Share Units) -This is a conditional right to receive \$0.25 par value common stock of the Company (Stock) in the future. You will not receive the Stock (or have any shareholder rights) unless your Award vests.
Target number of shares of Stock subject to your Award	[INSERT]
Continuing employment	Your Award is subject to your continuing employment, as set out in the Employment Events Appendix to this document and the Plan.
Performance conditions	Performance conditions apply to your Award, which are set out in the Performance Criteria Appendix to this document. The performance conditions must be met in order for your Award to vest.
Performance period	[INSERT] The performance conditions are measured during this period. See the Performance Criteria Appendix for more details.
Date your Award normally vests	[INSERT DATE], or if later when the performance conditions are certified. When your Award vests, you become entitled to the Stock subject to your Award. You do not need to purchase that Stock - it is delivered automatically to you. The number of shares of Stock that vest will be calculated based upon the target number of shares of Stock set forth above and the provisions of the Performance Criteria Appendix. The number of shares of Stock that vest will normally be delivered to you as soon as administratively possible following vesting, unless a different timing for delivering the Stock applies under the Employment Events Appendix.

Details of Award	
	<p>Your Award will generally be settled in Shares, except where the Employment Events Appendix applies and specifies otherwise.</p> <p>You are liable for any tax, fees and costs due on vesting, which may be withheld.</p> <p>Remember: your Award will only vest if and to the extent that all of the terms and conditions of your Award are satisfied. To the extent that your Award does not vest, it will be forfeited.</p>
Prohibited Activities	If you engage in certain activities (called Prohibited Activities), your Award will be forfeited and you will be required to pay back any gain from your Award. Refer to the Prohibited Activities Appendix to this document.
Malus and clawback	Your Award is subject to additional malus and clawback provisions which means your Award will be subject to reduction, cancellation, repayment or forfeiture in the circumstances set out in the Additional Terms.

Finally, certain data privacy provisions apply to you in connection with your Award, as set out in the Data Privacy Appendix to this document.

In the event of any conflict between this Award Notification (including the appendices), the Additional Terms and the Plan, the Plan takes precedence.

Action required!

If you wish to accept your Award, you must accept it using the Morgan Stanley at Work ® website by **[INSERT DATE/TIME]**. If you fail to do so by this deadline, then the Company may declare your Award grant null and void at any time. If this happens, your Award will be forfeited, and you will have no right to the underlying Stock. Acceptance of this award will constitute acknowledgement of and consent to the updated Annual Incentive and Long-Term

Interpretation
The appendices below form part of your Award Notification. The singular includes the plural and defined terms have the meaning given in the Plan, unless otherwise specified. For the purposes of the Prohibited Activities Appendix, references to your employer include your former employer, and for the purposes of the Data Privacy Appendix, references to your employer include your current local employing entity or former local employing entity and the Company (where applicable). References to the **Committee** mean The Talent and Compensation Committee of the Board of Directors of the Company, unless otherwise specified.

Employment Events Appendix – Performance Share

The table below sets out the impact to your Award (if any) upon certain employment events. The terms of the table below apply to vested and unvested portions of an Award equally, unless otherwise stated. Except as otherwise specified herein, all other terms and conditions of your Award continue to apply.

Event	Impact to your Award
Disability	Whether your employment with the Company or a Subsidiary terminates because of Disability or whether you remain employed, there is no impact to your Award.
Death	<p>Any Award that has not been accepted terminates immediately upon your death and may not be transferred to your heirs.</p> <p>If you die while employed with the Company or a Subsidiary, your Award immediately vests, and your estate will be paid, within 90 days after your death, a cash amount equal to the value of (1) the target number of shares of Stock subject to the Award, if you die before the end of the performance period, or (2) the shares of Stock earned, if you die after the end of the performance period. The value shall be determined based on the closing price of the Stock on the date of death (or in the case of a non-trading day, the next trading day).</p>
Leave of absences	<p>If you are on (1) US military leave, (2) a Company-paid leave of absence (meaning paid under Company payroll), or (3) an unpaid leave of absence (approved pursuant to a published Company policy available to all employees covered under the policy) of 12 months or less, there is no impact to your Award.</p> <p>For all other leaves of absence not specified in the paragraph above, including all approved unpaid leaves that extend beyond 12 months:</p> <ul style="list-style-type: none">• any portion of your Award that is unvested is immediately forfeited; or• if the Committee identifies a valid business interest in doing otherwise, it may specify what provisions it deems appropriate at its sole discretion (provided that the Committee shall have no obligation to consider any such matters).¹
Transfer	If you transfer (1) between the Company and any Subsidiary or, (2) at the Committee's discretion, to an Affiliate that is not a Subsidiary, there is no impact to your Award.

¹ If an approved unpaid leave of absence extends beyond 12 months, the portion of your Award that is unvested as of the end of the 12th month is forfeited.

Event	Impact to your Award
Termination	<p>A. If your employment with the Company or a Subsidiary terminates after attaining age 60:</p> <ul style="list-style-type: none"> • Awards held less than 12 months are immediately forfeited, and • there is no impact on Awards held at least 12 months.
	<p>B. If your employment with the Company or a Subsidiary terminates involuntarily for any reason other than for cause within one year after a Change in Control, your Award will be treated as described in the Plan.</p>
	<p>C. If your employment (1) with the Company or a Subsidiary terminates for any other reason, or (2) with an Affiliate (that is not a Subsidiary) terminates for any reason, your Award is immediately forfeited.</p> <p>Notwithstanding anything herein, if your employment with an Affiliate terminates and you immediately become employed by the Company or a Subsidiary, there is no impact on your Award.²</p>

For the purposes of your Award, you are deemed to have terminated employment on the date you are no longer actively providing services to the relevant entity or entities, regardless of the reasons for termination and whether or not later found to be invalid or in breach of your employment agreement, if any, or employment laws in the jurisdiction where you are employed. The Committee has exclusive discretion to decide when you are considered to be no longer actively providing services for the purposes of your Award. However, you will not be considered to be actively providing services during any contractual notice period or any period of “garden leave” or similar period mandated under employment laws in the jurisdiction where you are employed or in your employment agreement, if any, unless the Committee decides otherwise.

² This would apply in the case where the Committee determined that your transfer to the Affiliate would not impact your Award. If your employer no longer meets the definition of “Affiliate”, you are deemed to have terminated employment for the purposes of the Plan.

Prohibited Activities Appendix

1. Engaging in Prohibited Activity

1.1 Timing

Section 1.2 (Implications) applies if you engage in a Prohibited Activity (as defined in section 5 (Types of Prohibited Activity) below) at any time during the term of your Award or within one year after the later of:

- 1.1.1 the termination of your employment with the Company, your employer or any Affiliate; and
- 1.1.2 the last date of vesting or exercise of all or any portion of your Award.

1.2 Implications

If this section 1.2 applies:

- 1.2.1 your Award will immediately terminate, be forfeited and (if relevant) cease to be exercisable; and
- 1.2.2 within 10 days after receiving written notice from the Company that this section applies, you must pay in cash to the Company:
 - (i) any and all gains associated with any previous vesting or exercise of all or any portion of your Award; and
 - (ii) interest calculated from the time of the notice until the date of repayment to the Company.

2. Implications for settled Awards

2.1 Calculation of gain

For the purposes of section 1.2.2, each gain associated with the vesting or exercise of all or any portion of your Award will be calculated as:

- 2.1.1 where your Award is in the form of an Option, the closing price per share of Stock on the date of exercise as reported on the New York Stock Exchange Composite Transactions listing minus the exercise price per share of Stock, multiplied by the number of shares of Stock over which the Award was exercised;
- 2.1.2 where your Award is in the form of Restricted Stock Units or Performance Share Units, the closing price per share of Stock on the date of vesting as reported on the New York Stock Exchange Composite Transactions listing, multiplied by the number of shares of Stock that vested; and
- 2.1.3 where your Award is in the form of Performance Cash, the gross amount of the cash payment that vested.

3. Alternative payment

3.1 Return of Stock

If all or any part of this Prohibited Activities Appendix is held to be invalid, illegal or unenforceable for any reason by any court with jurisdiction:

- 3.1.1 you will transfer to the Company all of the shares of Stock that you acquired on vesting or exercise of your Award that you still hold (and if your Award is an Option, the Company will pay to you the exercise price you paid for that Stock in exchange); and
- 3.1.2 where you have already sold, transferred or disposed of any shares of Stock you acquired on vesting or exercise of your Award, you must pay to the Company:
 - (i) any and all gains associated with each sale, transfer or disposal; and
 - (ii) interest calculated from the date of each sale, transfer or disposal until the date of repayment to the Company.

3.2 Calculation of gain

For the purposes of section 3.1.2, the gain associated with the sale, transfer or disposal will in each case be calculated as the closing price per share of Stock on the date of the sale, transfer or disposal as reported on the New York Stock Exchange Composite Transactions listing (minus, where your Award is an Option, the exercise price per share of Stock), multiplied by the number of shares of Stock sold, transferred or disposed of.

Additional Terms

By accepting your Award you:

1. Plan Documents

Agree that you have been given all relevant information and materials regarding the terms and conditions of your Award, which are set out in the rules of The Coca-Cola Company 2014 Equity Plan, as amended from time to time (the **Plan**), your Award Notification (including any appendices attached to it) and these Additional Terms (including the Global Appendix set out below) (collectively, the **Plan Documents**).

2. Employment

- 2.1** Acknowledge that the grant of your Award does not form part of and does not affect or change your employment contract or your employment relationship with your employer (which is entirely separate from the Plan). The grant of your Award and your participation in the Plan does not create a right to employment or continued service and will not be interpreted as forming an employment or service contract with The Coca-Cola Company (the **Company**), your employer or any **Affiliate** (as defined in the Plan). The Award does not impact the ability of the Company, your employer or any Affiliate to terminate that employment or service relationship. All benefits granted by your Award will constitute an occasional extraordinary payment and may not, in any way or for any purpose, be considered part of your normal remuneration or constitute consideration for any services you provide to the Company, your employer or any Affiliate, including when calculating any other benefits.
- 2.2** Acknowledge that the Company's decision to grant your Award is voluntary and discretionary, and that you have no right to participate in the Plan. Acceptance of your Award and participation in the Plan does not create any right to, or expectation of, future employment or service, future participation in the Plan or the grant of future awards (on the same basis, or at all). The Company may at any time decide to cease offering awards under the Plan, or amend, modify, suspend, cancel or terminate the Plan and any benefits under it.
- 2.3** Acknowledge that you are not entitled to the exercise of any discretion under the Plan in your favor, that decisions with respect to your Award and any future awards are at the sole discretion of the Company and are final, binding and conclusive, and that you do not have any claim or right of action in respect of any decision, omission, or discretion, which may in each case operate to your disadvantage.
- 2.4** Agree, in consideration for and as a condition of your Award, to waive all rights which might arise in connection with the Plan, including:
- 2.4.1 the right to institute any claim against the Company, your employer or any Affiliate; and
- 2.4.2 the right to pursue any claim that is allowed by a court,
- other than the right to acquire, as relevant, \$0.25 par value shares of common stock of the Company (**Stock**) or cash (subject to and in accordance with the Plan).
- 2.5** Acknowledge that you do not have any right to compensation or damages for any loss (actual or potential) in relation to the Plan or your Award, including where it is forfeited on termination of employment or cessation of services for any reason, whether or not lawful or in breach of employment laws or the terms of your employment or service agreement, if any.
-

3. No transfer

Accept that you must not pledge, encumber, assign, transfer, charge or otherwise dispose of your Award or any rights in respect of it, whether voluntarily or involuntarily (other than to your personal representatives on death).

4. Modifications and additional requirements

- 4.1 Agree that the Company may modify any of the terms of your Award to be consistent with any applicable law or applicable government agency regulation where, in the opinion of the Company, that term might otherwise conflict or be inconsistent.
- 4.2 Agree that the Company may impose additional conditions, requirements and restrictions on your Award, your participation in the Plan and any Stock or cash you acquire on vesting or exercise of your Award, and that you will comply with them, including signing any additional agreements or undertakings.
- 4.3 Agree to any amendment made to the Plan or any term of your Award (including an amendment with retroactive effect) where the amendment is necessary or advisable to ensure the Plan or your Award complies with any future law relating to plans of this nature or their administration (including Section 409A of the U.S. Internal Revenue Code of 1986, as amended).
- 4.4 Agree to any amendment made to any of the terms of your Award (including rescinding your Award entirely) to correct any error that occurred in connection with the grant or documentation of your Award.

5. Tax

- 5.1 Acknowledge that participating in the Plan will probably have tax consequences for you and that all payments made with respect to your Award (including payments in Stock or cash) may be subject to tax, social security and any similar charges in any country where you are employed, reside, or are otherwise subject to tax (**Tax**).
 - 5.2 Agree that you (or your personal representative) are ultimately responsible for and will bear any liability for any Tax in respect of your Award and your participation in the Plan, and understand that this liability may exceed any amounts withheld and paid on your behalf.
 - 5.3 Acknowledge that the Company, your employer, an Affiliate, any trustee of any employee benefit trust and any third party service provider (each, a **Withholding Person**) is entitled to do any, all or a combination of the following methods (where relevant) to enable a Withholding Person to raise an amount it considers necessary or desirable to recover the Liabilities:
 - 5.3.1 sell or procure the sale on your behalf of a sufficient number of the Stock you acquire on vesting or exercise of your Award;

- 5.4** Agree that, for tax purposes, and where allowed by applicable law, you are deemed to have received the full number of Stock where the number of Stock you acquire is reduced under section 5.3.2.
 - 5.5** Agree that, where permitted by the Company, you may elect to satisfy Tax and/or pay any exercise price by delivering (including by attestation) Stock to the Company.
 - 5.6** Agree that if a Withholding Person's obligation to pay or account for Tax cannot or has not been fully satisfied by the above methods, you must pay to the Withholding Person an amount sufficient to enable them to discharge that obligation.
 - 5.7** Agree to enter any tax elections for particular tax and/or social security treatment, execute any documents, give any directions and take any action as may be requested by the Company, your employer or any Affiliate in relation to any Liabilities.
 - 5.8** Acknowledge that the Company, your employer and any Affiliate do not guarantee or warrant any particular Tax treatment in relation to your Award, the cash or Stock you acquire in connection with your Award (including any dividends on Stock), or your participation in the Plan and that they are not under any obligation to structure the Award in a Tax favorable way or avoid adverse Tax treatment in any jurisdiction.
 - 5.9** Acknowledge that neither the Company, your employer nor any Affiliate will be liable for any Tax, interest, penalties or other amounts owed by any taxpayer as a consequence of the Plan or an Award and that any Tax information provided is for guidance purposes only.
 - 5.10** Accept that the cash or Stock subject to your Award may only vest or be exercised (as applicable) if satisfactory arrangements are in place to enable all Withholding Persons to obtain the funds needed to satisfy any Liabilities.
 - 5.11** Acknowledge that the vested (and, if applicable, exercised) Stock or cash subject to your Award may not be delivered or paid to you unless you have complied with your obligation to pay the Liabilities.
- 6. Internationally mobile employees**
- 6.1** Acknowledge that if you are a mobile employee, meaning that you are based in different jurisdictions during the course of your employment or service that you are or may be subject to Tax in more than one country, you are strongly encouraged to inform the Company and your employer, and to speak with your personal tax adviser regarding the tax treatment of your participation in the Plan.
 - 6.2** Accept that, if you are a mobile employee, the Company or your employer may be required to withhold for Tax in more than one jurisdiction.
 - 6.3** Accept that if you are a "Global Mobility Associate" as defined in the Company's Global Mobility Policy (or the equivalent under any applicable international service policy from time to time), you remain responsible for all Tax except where expressly stated otherwise in that policy and/or the Company's tax equalization program. A copy of the Company's Global Mobility Policy is available on the Company's intranet.

6. If you are subject to the laws of Canada

For purposes of your Award, your employment will be considered terminated and your right (if any) to vest in any Award or exercise any Option after such termination (regardless of the reason for such termination and whether or not later found to be invalid, unlawful or in breach of the employment laws in the jurisdiction where you are employed or the terms of your employment agreement, if any) will be measured as of the earlier of: (a) the date your employment with the Company or one of its Subsidiaries (as defined in the Plan) or Affiliates is terminated, (b) the date you receive written notice of termination from the Company or a Subsidiary or Affiliate, regardless of any notice period or period of pay in lieu of such notice mandated under the employment laws in the jurisdiction where you are employed or the terms of your employment agreement, if any, or (c) the date you are no longer employed by the Company or any of its Subsidiaries or Affiliates. You will not be entitled to a pro-rata portion of the Award for any time before the date on which your right to vest terminates, nor will you be entitled to any compensation for lost vesting. In the event the date on which you are no longer actively providing services cannot be reasonably determined under the terms of your Award, the Company, in its sole discretion, shall determine when you are no longer employed for purposes of the Award (including whether you may still be considered employed or actively providing services while on a leave of absence).

Notwithstanding the foregoing, if applicable employment standards legislation explicitly requires continued entitlement to vesting during a statutory notice period, your right to vest in the Award under the Plan, if any, will terminate effective as of the last day of your minimum statutory notice period, but you will not earn or be entitled to pro-rated vesting if the vesting date falls after the end of your statutory notice period, nor will you be entitled to any compensation for lost vesting.

In addition to any restrictions on resale and transfer noted in the Plan Documents, Stock acquired pursuant to the Plan will be subject to certain restrictions on resale imposed by Canadian provincial securities laws (in general, you may not resell your Stock to Canadian purchasers). Accordingly, you are encouraged to seek legal advice prior to any resale of the Stock.

Furthermore, notwithstanding anything to the contrary in the Plan or the Award Agreement, Awards granted to Canadian residents shall only be settled in Stock and shall not be settled in cash.

The following terms and conditions apply if you are resident in Quebec:

You agree that you wish the Plan Documents to be drawn up in English.

Vous confirmez que vous souhaitez que les Documents du Plan soient rédigés en anglais

7. If you are subject to the laws of Chile

Neither the Company, the Plan nor the Stock have been registered in the *Registro de Valores* (Securities Registry) or in the *Registro de Valores Extranjeros* (Foreign Securities Registry) of the *Comisión para el Mercado Financiero de Chile* (Chilean Commission for the Financial market or CMF)

and they are not subject to the control of the CMF. The Plan is governed by General Regulation 336. As the Stock is not registered, the Company has no obligation under Chilean law to deliver public information regarding the Stock in Chile. Shares of Stock cannot be publicly offered in Chile unless they are registered with the CMF.

Ni The Coca-Cola Company, ni el Plan ni las Acciones han sido registradas en el Registro de Valores o en el Registro de Valores Extranjeros que lleva la Comisión para el Mercado Financiero de Chile (CMF) y ninguno de ellos está sujeto a la fiscalización de la CMF. Esta oferta de Acciones se acoge a la Norma de Carácter General 336. Por tratarse de valores no inscritos, el emisor de las Acciones no tiene obligación bajo la ley chilena de entregar en Chile información pública acerca de las Acciones. Las Acciones no pueden ser ofrecidas públicamente en Chile en tanto éstas no se inscriban en el Registro de Valores correspondiente.

8. If you are subject to exchange control restrictions imposed by the China State Administration of Foreign Exchange (SAFE), as determined by the Company in its sole discretion

Notwithstanding any other provision in the Plan Documents, the following provisions apply in the event of the termination of your employment (as interpreted in accordance with the Employment Events Appendix) with the Company or a Subsidiary (as defined in the Plan) (1) because of your Disability, or (2) after attaining age 55:

Awards that are Options and Awards held at least 12 months will immediately vest and will be settled in cash. The cash amount will be determined based on the closing price of the Stock on the date of your termination of employment (or, if a non-trading day, the next trading day) or the exercise of your Option (if applicable) within the post-termination exercise period stated below. Awards that are not Options and that are held less than 12 months from the date of grant are forfeited.

Where Performance Criteria apply, the Performance Criteria will be measured over a shortened performance period, ending at the end of the year prior to your termination of employment.

If your Award is an Option, the period over which you may exercise your Option expires upon earlier of (1) six months from your termination of employment or (2) the Option expiration date provided in the Plan Documents.

The Company has the discretion to arrange for the sale of any Stock issued upon settlement of your Award, either immediately upon settlement or at any time thereafter. In any event, if you terminate employment, you will be required to sell all Stock acquired upon settlement of the Award within such time period as required by the Company in accordance with SAFE requirements. Any Stock remaining in your brokerage account at the end of this period shall be sold by the broker (on your behalf pursuant to this authorization and without further consent). In addition, any Award that has not vested by the end of this period will then immediately be forfeited. The Company shall have the exclusive discretion to determine when your employment has been terminated for the purposes of the Award.

You agree to sign any additional agreements, forms and/or consents that reasonably may be requested by the Company (or the Company's designated broker) to effectuate the sale of the Stock (including, without limitation, as to the transfer of the sale proceeds and other exchange control matters noted below) and shall otherwise cooperate with the Company with respect to such matters. You acknowledge that neither the Company nor the designated broker is under any obligation to

arrange for the sale of Stock at any particular price (it being understood that the sale will occur in the market) and that broker's fees and similar expenses may be incurred in any such sale. In any event, when the Stock is sold, the sale proceeds, less any withholding for applicable taxes, any broker's fees or commissions, and any similar expenses of the sale will be remitted to you in accordance with applicable exchange control laws and regulations.

By accepting the Award, you acknowledge that you understand and agree that you are not permitted to transfer any Stock acquired under the Plan out of your account established with the Company's designated broker until the Stock is sold. The limitation applies to all Stock issued to you under the Plan, whether or not you remained employed with the Company or a Subsidiary.

You understand and agree that you will be required to immediately repatriate to China the proceeds from the sale of any Stock acquired under the Plan and any such dividends paid on such shares. You further understand that such repatriation proceeds may need to be effected through a special bank account established by the Company (or a Subsidiary or Affiliate in China), and you hereby consent and agree that any sale proceeds and cash dividends may be transferred to such special account by the Company (or a Subsidiary or Affiliate in China) on your behalf prior to being delivered to you and that no interest shall be paid with respect to funds held in such account.

The proceeds may be paid to you in U.S. dollars or local currency at the Company's discretion. If the proceeds are paid to you in U.S. dollars, you understand that a U.S. dollar bank account in China must be established and maintained so that the proceeds may be deposited into such account. If the proceeds are paid to you in local currency, you acknowledge that the Company (and its Subsidiaries and Affiliates) are under no obligation to secure any particular exchange conversion rate and that the Company (and its Subsidiaries and Affiliates) may face delays in converting the proceeds to local currency due to exchange control restrictions. You agree to bear any currency fluctuation risk between the time the Stock is sold and the net proceeds are converted into local currency and distributed to you. You further agree to comply with any other requirements that may be imposed by the Company in the future in order to facilitate compliance with exchange control requirements in China.

In addition to the vesting schedule for your Award, settlement of the Award is also conditioned on the continued effectiveness of the Company's registration of the Plan with SAFE (the **SAFE Registration Requirement**). If or to the extent the Company is unable to maintain the registration, no Stock for which a registration cannot be maintained shall be issued. In this case, the Company retains the discretion to settle any Award for which the vesting schedule, but not the SAFE Registration Requirement, has been met in cash paid through local payroll in an amount equal to the market value of the Stock subject to the Award less any withholding for applicable taxes.

The Company (and its Subsidiaries and Affiliates) shall not be liable for any costs, fees, lost interest or dividends or other losses that you may incur or suffer resulting from the enforcement of the foregoing terms or otherwise from the Company's operation and enforcement of the Plan, the Award Agreement, and the Award in accordance with any applicable laws, rules, regulations and requirements.

Disability	If your employment with the Company or a Subsidiary terminates because of Disability, your Award immediately vests. Otherwise, if you remain employed, there is no impact to your Award.
Death	Any Award that has not been accepted terminates immediately upon your death and may not be transferred to your heirs. If you die while employed with the Company or a Subsidiary, your Award immediately vests, however, it expires on the earlier of (1) one year from your date of death, or (2) the expiration date in the Award Notification. If you die after your termination of employment (but before your Award has expired), your Award expires on the earlier of (1) one year from your date of death, or (2) the expiration date that applied to your Award at your date of death.
Leave of absences	If you are on (1) US military leave, (2) a Company-paid leave of absence (meaning paid under Company payroll), or (3) an unpaid leave of absence (approved pursuant to a published Company policy available to all employees covered under the policy) of 12 months or less, there is no impact to your Award. For all other leaves of absence not specified in the paragraph above, including all approved unpaid leaves that extend beyond 12 months, your Award will be treated in accordance with the general termination provision at (C) below, except that if the Committee identifies a valid business interest in doing otherwise, it may specify what provisions it deems appropriate at its sole discretion (provided that the Committee shall have no obligation to consider any such matters). ¹
Transfer	If you transfer (1) between the Company and any Subsidiary or, (2) at the Committee's discretion, to an Affiliate that is not a Subsidiary, there is no impact to your Award.
Termination¹	A. If your employment with the Company or a Subsidiary terminates after attaining age 60: <ul style="list-style-type: none"> Awards held less than 12 months are immediately forfeited, and Awards held at least 12 months immediately vest.

¹ If an approved unpaid leave of absence extends beyond 12 months, the terms of the general termination provision (C) will apply at the end of the 12th month.

Event	Impact to your Award
	<p>B. If your employment with the Company or a Subsidiary terminates involuntarily for any reason other than for cause within one year after a Change in Control, your Award will be treated as described in the Plan.</p>
	<p>C. If your employment (1) with the Company or a Subsidiary terminates for any other reason, or (2) with an Affiliate (that is not a Subsidiary) terminates for any reason:</p> <ul style="list-style-type: none">• any unvested portion of the Award is immediately forfeited, and• any vested portion of the Award will be forfeited upon the earlier of (1) six months from your termination date, or (2) the expiration date in the Award Notification. <p>Notwithstanding anything herein, if your employment with an Affiliate terminates and you immediately become employed by the Company or a Subsidiary, there is no impact on your Award.²</p>

For the purposes of your Award, you are deemed to have terminated employment on the date you are no longer actively providing services to the relevant entity or entities, regardless of the reasons for termination and whether or not later found to be invalid or in breach of your employment agreement, if any, or employment laws in the jurisdiction where you are employed. The Committee has exclusive discretion to decide when you are considered to be no longer actively providing services for the purposes of your Award. However, you will not be considered to be actively providing services during any contractual notice period or any period of “garden leave” or similar period mandated under employment laws in the jurisdiction where you are employed or in your employment agreement, if any, unless the Committee decides otherwise.

² This also would apply in the case where the Committee determined that your transfer to the Affiliate would not impact your Award. If your employer no longer meets the definition of “Affiliate”, you are deemed to have terminated employment for the purposes of the Plan.

Prohibited Activities Appendix

1. Engaging in Prohibited Activity

1.1 Timing

Section 1.2 (Implications) applies if you engage in a Prohibited Activity (as defined in section 5 (Types of Prohibited Activity) below) at any time during the term of your Award or within one year after the later of:

- 1.1.1 the termination of your employment with the Company, your employer or any Affiliate; and
- 1.1.2 the last date of vesting or exercise of all or any portion of your Award.

1.2 Implications

If this section 1.2 applies:

- 1.2.1 your Award will immediately terminate, be forfeited and (if relevant) cease to be exercisable; and
- 1.2.2 within 10 days after receiving written notice from the Company that this section applies, you must pay in cash to the Company:
 - (i) any and all gains associated with any previous vesting or exercise of all or any portion of your Award; and
 - (ii) interest calculated from the time of the notice until the date of repayment to the Company.

2. Implications for settled Awards

2.1 Calculation of gain

For the purposes of section 1.2.2, each gain associated with the vesting or exercise of all or any portion of your Award will be calculated as:

- 2.1.1 where your Award is in the form of an Option, the closing price per share of Stock on the date of exercise as reported on the New York Stock Exchange Composite Transactions listing minus the exercise price per share of Stock, multiplied by the number of shares of Stock over which the Award was exercised;
- 2.1.2 where your Award is in the form of Restricted Stock Units or Performance Share Units, the closing price per share of Stock on the date of vesting as reported on the New York Stock Exchange Composite Transactions listing, multiplied by the number of shares of Stock that vested; and
- 2.1.3 where your Award is in the form of Performance Cash, the gross amount of the cash payment that vested.

3. Alternative payment

3.1 Return of Stock

If all or any part of this Prohibited Activities Appendix is held to be invalid, illegal or unenforceable for any reason by any court with jurisdiction:

- 3.1.1 you will transfer to the Company all of the shares of Stock that you acquired on vesting or exercise of your Award that you still hold (and if your Award is an Option, the Company will pay to you the exercise price you paid for that Stock in exchange); and
- 3.1.2 where you have already sold, transferred or disposed of any shares of Stock you acquired on vesting or exercise of your Award, you must pay to the Company:
 - (i) any and all gains associated with each sale, transfer or disposal; and
 - (ii) interest calculated from the date of each sale, transfer or disposal until the date of repayment to the Company.

3.2 Calculation of gain

For the purposes of section 3.1.2, the gain associated with the sale, transfer or disposal will in each case be calculated as the closing price per share of Stock on the date of the sale, transfer or disposal as reported on the New York Stock Exchange Composite Transactions listing (minus, where your Award is an Option, the exercise price per share of Stock), multiplied by the number of shares of Stock sold, transferred or disposed of.

Additional Terms

By accepting your Award you:

1. Plan Documents

Agree that you have been given all relevant information and materials regarding the terms and conditions of your Award, which are set out in the rules of The Coca-Cola Company 2014 Equity Plan, as amended from time to time (the **Plan**), your Award Notification (including any appendices attached to it) and these Additional Terms (including the Global Appendix set out below) (collectively, the **Plan Documents**).

2. Employment

- 2.1** Acknowledge that the grant of your Award does not form part of and does not affect or change your employment contract or your employment relationship with your employer (which is entirely separate from the Plan). The grant of your Award and your participation in the Plan does not create a right to employment or continued service and will not be interpreted as forming an employment or service contract with The Coca-Cola Company (the **Company**), your employer or any **Affiliate** (as defined in the Plan). The Award does not impact the ability of the Company, your employer or any Affiliate to terminate that employment or service relationship. All benefits granted by your Award will constitute an occasional extraordinary payment and may not, in any way or for any purpose, be considered part of your normal remuneration or constitute consideration for any services you provide to the Company, your employer or any Affiliate, including when calculating any other benefits.
- 2.2** Acknowledge that the Company's decision to grant your Award is voluntary and discretionary, and that you have no right to participate in the Plan. Acceptance of your Award and participation in the Plan does not create any right to, or expectation of, future employment or service, future participation in the Plan or the grant of future awards (on the same basis, or at all). The Company may at any time decide to cease offering awards under the Plan, or amend, modify, suspend, cancel or terminate the Plan and any benefits under it.
- 2.3** Acknowledge that you are not entitled to the exercise of any discretion under the Plan in your favor, that decisions with respect to your Award and any future awards are at the sole discretion of the Company and are final, binding and conclusive, and that you do not have any claim or right of action in respect of any decision, omission, or discretion, which may in each case operate to your disadvantage.
- 2.4** Agree, in consideration for and as a condition of your Award, to waive all rights which might arise in connection with the Plan, including:
- 2.4.1 the right to institute any claim against the Company, your employer or any Affiliate; and
 - 2.4.2 the right to pursue any claim that is allowed by a court,
- other than the right to acquire, as relevant, \$0.25 par value shares of common stock of the Company (**Stock**) or cash (subject to and in accordance with the Plan).
- 2.5** Acknowledge that you do not have any right to compensation or damages for any loss (actual or potential) in relation to the Plan or your Award, including where it is forfeited on termination of employment or cessation of services for any reason, whether or not lawful or in breach of employment laws or the terms of your employment or service agreement, if any.
-

3. No transfer

Accept that you must not pledge, encumber, assign, transfer, charge or otherwise dispose of your Award or any rights in respect of it, whether voluntarily or involuntarily (other than to your personal representatives on death).

4. Modifications and additional requirements

- 4.1 Agree that the Company may modify any of the terms of your Award to be consistent with any applicable law or applicable government agency regulation where, in the opinion of the Company, that term might otherwise conflict or be inconsistent.

- 5.1 Acknowledge that participating in the Plan will probably have tax consequences for you and that all payments made with respect to your Award (including payments in Stock or cash) may be subject to tax, social security and any similar charges in any country where you are employed, reside, or are otherwise subject to tax (**Tax**).
 - 5.2 Agree that you (or your personal representative) are ultimately responsible for and will bear any liability for any Tax in respect of your Award and your participation in the Plan, and understand that this liability may exceed any amounts withheld and paid on your behalf.
 - 5.3 Acknowledge that the Company, your employer, an Affiliate, any trustee of any employee benefit trust and any third party service provider (each, a **Withholding Person**) is entitled to do any, all or a combination of the following methods (where relevant) to enable a Withholding Person to raise an amount it considers necessary or desirable to recover the Liabilities:
 - 5.3.1 sell or procure the sale on your behalf of a sufficient number of the Stock you acquire on vesting or exercise of your Award;

- 5.5** Agree that, where permitted by the Company, you may elect to satisfy Tax and/or pay any exercise price by delivering (including by attestation) Stock to the Company.
- 5.6** Agree that if a Withholding Person's obligation to pay or account for Tax cannot or has not been fully satisfied by the above methods, you must pay to the Withholding Person an amount sufficient to enable them to discharge that obligation.
- 5.7** Agree to enter any tax elections for particular tax and/or social security treatment, execute any documents, give any directions and take any action as may be requested by the Company, your employer or any Affiliate in relation to any Liabilities.
- 5.8** Acknowledge that the Company, your employer and any Affiliate do not guarantee or warrant any particular Tax treatment in relation to your Award, the cash or Stock you acquire in connection with your Award (including any dividends on Stock), or your participation in the Plan and that they are not under any obligation to structure the Award in a Tax favorable way or avoid adverse Tax treatment in any jurisdiction.
- 5.9** Acknowledge that neither the Company, your employer nor any Affiliate will be liable for any Tax, interest, penalties or other amounts owed by any taxpayer as a consequence of the Plan or an Award and that any Tax information provided is for guidance purposes only.
- 5.10** Accept that the cash or Stock subject to your Award may only vest or be exercised (as applicable) if satisfactory arrangements are in place to enable all Withholding Persons to obtain the funds needed to satisfy any Liabilities.
- 5.11** Acknowledge that the vested (and, if applicable, exercised) Stock or cash subject to your Award may not be delivered or paid to you unless you have complied with your obligation to pay the Liabilities.

6. Internationally mobile employees

- 6.2** Accept that, if you are a mobile employee, the Company or your employer may be required to withhold for Tax in more than one jurisdiction.
- 6.3** Accept that if you are a "Global Mobility Associate" as defined in the Company's Global Mobility Policy (or the equivalent under any applicable international service policy from time to time), you remain responsible for all Tax except where expressly stated otherwise in that policy and/or the Company's tax equalization program. 6. If you are subject to the laws of Canada

For purposes of your Award, your employment will be considered terminated and your right (if any) to vest in any Award or exercise any Option after such termination (regardless of the reason for such termination and whether or not later found to be invalid, unlawful or in breach of the employment laws in the jurisdiction where you are employed or the terms of your employment agreement, if any) will be measured as of the earlier of: (a) the date your employment with the Company or one of its Subsidiaries (as defined in the Plan) or Affiliates is terminated, (b) the date you receive written notice of termination from the Company or a Subsidiary or Affiliate, regardless of any notice period or period of pay in lieu of such notice mandated under the employment laws in the jurisdiction where you are employed or the terms of your employment agreement, if any, or (c) the date you are no longer employed by the Company or any of its Subsidiaries or Affiliates. You will not be entitled to a pro-rata portion of the Award for any time before the date on which your right to vest terminates, nor will you be entitled to any compensation for lost vesting. Notwithstanding the foregoing, if applicable employment standards legislation explicitly requires continued entitlement to vesting during a statutory notice period, your right to vest in the Award under the Plan, if any, will terminate effective as of the last day of your minimum statutory notice period, but you will not earn or be entitled to pro-rated vesting if the vesting date falls after the end of your statutory notice period, nor will you be entitled to any compensation for lost vesting.

and they are not subject to the control of the CMF. The Plan is governed by General Regulation 336. As the Stock is not registered, the Company has no obligation under Chilean law to deliver public information regarding the Stock in Chile. Shares of Stock cannot be publicly offered in Chile unless they are registered with the CMF.

Ni The Coca-Cola Company, ni el Plan ni las Acciones han sido registradas en el Registro de Valores o en el Registro de Valores Extranjeros que lleva la Comisión para el Mercado Financiero de Chile (CMF) y ninguno de ellos está sujeto a la fiscalización de la CMF. Esta oferta de Acciones se acoge a la Norma de Carácter General 336. Por tratarse de valores no inscritos, el emisor de las Acciones no tiene obligación bajo la ley chilena de entregar en Chile información pública acerca de las Acciones. Las Acciones no pueden ser ofrecidas públicamente en Chile en tanto éstas no se inscriban en el Registro de Valores correspondiente.

8. If you are subject to exchange control restrictions imposed by the China State Administration of Foreign Exchange (SAFE), as determined by the Company in its sole discretion

Notwithstanding any other provision in the Plan Documents, the following provisions apply in the event of the termination of your employment (as interpreted in accordance with the Employment Events Appendix) with the Company or a Subsidiary (as defined in the Plan) (1) because of your Disability, or (2) after attaining age 55:

Awards that are Options and Awards held at least 12 months will immediately vest and will be settled in cash. The cash amount will be determined based on the closing price of the Stock on the date of your termination of employment (or, if a non-trading day, the next trading day) or the exercise of your Option (if applicable) within the post-termination exercise period stated below. Awards that are not Options and that are held less than 12 months from the date of grant are forfeited.

If your Award is an Option, the period over which you may exercise your Option expires upon earlier of (1) six months from your termination of employment or (2) the Option expiration date provided in the Plan Documents.

The Company has the discretion to arrange for the sale of any Stock issued upon settlement of your Award, either immediately upon settlement or at any time thereafter. In any event, if you terminate employment, you will be required to sell all Stock acquired upon settlement of the Award within such time period as required by the Company in accordance with SAFE requirements. Any Stock remaining in your brokerage account at the end of this period shall be sold by the broker (on your behalf pursuant to this authorization and without further consent). In addition, any Award that has not vested by the end of this period will then immediately be forfeited. The Company shall have the exclusive discretion to determine when your employment has been terminated for the purposes of the Award.

You agree to sign any additional agreements, forms and/or consents that reasonably may be requested by the Company (or the Company's designated broker) to effectuate the sale of the Stock (including, without limitation, as to the transfer of the sale proceeds and other exchange control matters noted below) and shall otherwise cooperate with the Company with respect to such matters. You acknowledge that neither the Company nor the designated broker is under any obligation to arrange for the sale of Stock at any particular price (it being understood that the sale will occur in the market) and that broker's fees and similar expenses may be incurred in any such sale. In any event,

when the Stock is sold, the sale proceeds, less any withholding for applicable taxes, any broker's fees or commissions, and any similar expenses of the sale will be remitted to you in accordance with applicable exchange control laws and regulations.

By accepting the Award, you acknowledge that you understand and agree that you are not permitted to transfer any Stock acquired under the Plan out of your account established with the Company's designated broker until the Stock is sold. The limitation applies to all Stock issued to you under the Plan, whether or not you remained employed with the Company or a Subsidiary.

You understand and agree that you will be required to immediately repatriate to China the proceeds from the sale of any Stock acquired under the Plan and any such dividends paid on such shares. You further understand that such repatriation proceeds may need to be effected through a special bank account established by the Company (or a Subsidiary or Affiliate in China), and you hereby consent and agree that any sale proceeds and cash dividends may be transferred to such special account by the Company (or a Subsidiary or Affiliate in China) on your behalf prior to being delivered to you and that no interest shall be paid with respect to funds held in such account.

The proceeds may be paid to you in U.S. dollars or local currency at the Company's discretion. If the proceeds are paid to you in U.S. dollars, you understand that a U.S. dollar bank account in China must be established and maintained so that the proceeds may be deposited into such account. If the proceeds are paid to you in local currency, you acknowledge that the Company (and its Subsidiaries and Affiliates) are under no obligation to secure any particular exchange conversion rate and that the Company (and its Subsidiaries and Affiliates) may face delays in converting the proceeds to local currency due to exchange control restrictions. You agree to bear any currency fluctuation risk between the time the Stock is sold and the net proceeds are converted into local currency and distributed to you. You further agree to comply with any other requirements that may be imposed by the Company in the future in order to facilitate compliance with exchange control requirements in China.

In addition to the vesting schedule for your Award, settlement of the Award is also conditioned on the continued effectiveness of the Company's registration of the Plan with SAFE (the **SAFE Registration Requirement**). If or to the extent the Company is unable to maintain the registration, no Stock for which a registration cannot be maintained shall be issued. In this case, the Company retains the discretion to settle any Award for which the vesting schedule, but not the SAFE Registration Requirement, has been met in cash paid through local payroll in an amount equal to the market value of the Stock subject to the Award less any withholding for applicable taxes.

The Company (and its Subsidiaries and Affiliates) shall not be liable for any costs, fees, lost interest or dividends or other losses that you may incur or suffer resulting from the enforcement of the foregoing terms or otherwise from the Company's operation and enforcement of the Plan, the Award Agreement, and the Award in accordance with any applicable laws, rules, regulations and requirements.

A copy of the above-listed documents will be sent to you free of charge on written request to Global Equity, The Coca-Cola Company, at One Coca-Cola Plaza, Atlanta, Georgia 30313, USA. You should read these materials carefully before making a decision whether to participate in the Plan.

22. If you are subject to the laws of Spain

By accepting the Award, you acknowledge that you consent to participation in the Plan and have received a copy of the Plan Documents. Except as otherwise provided in the Plan Documents, termination of your employment for any reason (including for the reasons listed below) will automatically result in the forfeiture of any unvested Awards; in particular, you understand and agree that such Awards will be forfeited without entitlement to the underlying Stock or to any amount as indemnification in the event of a termination of your employment prior to vesting by reason of, including, but not limited to, resignation, disciplinary dismissal with or without cause, individual or collective layoff with or without cause, material modification of employment under Article 41 of the

Worker's Statute, relocation under Article 40 of the Worker's Statute, Article 50 of the Worker's Statute, Article 10.3 of Royal Decree 1382/1985 and unilateral withdrawal by your employer.

Furthermore, you understand that the Company has unilaterally, gratuitously, and in its sole discretion decided to grant Awards under the Plan to individuals who may be employees of the Company's group throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not bind the Company or any Subsidiary (as defined in the Plan) or Affiliate, other than to the extent set forth in the Plan Documents. Consequently, you understand that the Awards are offered on the assumption and condition that the Awards and any Stock acquired under the Plan are not part of any employment contract (either with the Company or any Subsidiary or Affiliate), and shall not be considered a mandatory benefit, salary for any purposes (including severance compensation), or any other right whatsoever. In addition, you understand that this offer would not be made but for the assumptions and conditions referred to above; thus, you acknowledge and freely accept that, should any or all of the assumptions be mistaken or should any of the conditions not be met for any reason, then any grant of or right to the Award shall be null and void.

23. If you are subject to the laws of Sweden

The following provision supplements section 5 (Tax) of the Additional Terms:

Without limiting the authority of any Withholding Person to satisfy their withholding obligations for Tax as set forth in section 5 (Tax) of the Additional Terms, by accepting the grant of the Award, you authorize any Withholding Person to withhold or to sell Stock otherwise deliverable to you to satisfy Tax, regardless of whether the Withholding Person has an obligation to withhold such Tax.

24. If you are subject to the laws of Switzerland

The offering of the Plan in Switzerland is exempt from the requirement to prepare and publish a prospectus under the Swiss Financial Services Act (**FinSA**) because such offering by the Company is made exclusively to current or former members of the board of directors, members of the management board or employees of the Company, the employer and its Affiliates. The Plan Documents do not constitute a prospectus pursuant to FinSA, and no such prospectus has been or will be prepared for or in connection with the offering of the Plan.

25. If you are subject to the laws of Turkey

Under Turkish law, you are not permitted to sell any Stock acquired under the Plan in Turkey. The shares are currently traded on the New York Stock Exchange, which is located outside of Turkey, under the ticker symbol "KO" and the Stock may be sold through this exchange.

You acknowledge that any activity related to investments in foreign securities (e.g. the sale of Stock) should be conducted through a bank or financial intermediary institution licensed by the Turkey Capital Markets Board and should be reported to the Turkish Capital Markets Board. You are solely responsible for complying with this requirement and should consult with a personal legal advisor for further information regarding any obligations in this respect.

26. If you are subject to the laws of the United Arab Emirates

The Awards are granted under the Plan only to select employees of the Company's group and are in the nature of providing employee equity incentives in the United Arab Emirates. The Plan Documents are intended for distribution only to such employees and must not be delivered to, or relied on by, any other person. Prospective purchasers of the securities offered should conduct their own due diligence on the securities. If you do not understand the contents of the Plan Documents, you should consult an authorized financial adviser. The Emirates Securities and Commodities Authority has no responsibility for reviewing or verifying any documents in connection with the Plan. Neither the Ministry of Economy nor the Dubai Department of Economic Development has approved the Plan Documents nor taken steps to verify the information set out herein, and has no responsibility for such documents.

27. If you are subject to the laws of the United Kingdom

This offer is being made to selected employees as part of an employee incentive program in order to provide an additional incentive and to encourage employee share ownership and to increase your interest in the success of the Company. The company offering these rights is The Coca-Cola Company. The Stock which is the subject of these rights is new or existing par value common stock in the Company. More information in relation to the Company including the stock price can be found at the following web address: <https://investors.coca-colacompany.com/>.

The obligation to publish a prospectus does not apply because of Section 86(aa) of the Financial Services and Markets Act 2000 (as amended, supplemented or substituted by any UK legislation enacted in connection with the UK's exit from the European Union). The total maximum number of Stock which is the subject of this offer is [total number of stock awarded for this offer].

28. If you are subject to the laws of Cambodia, Morocco, Myanmar, Nepal, Pakistan, or Vietnam

The Company reserves the right to restrict you from acquiring Stock at exercise or vesting of your Award. Instead, the Company reserves the right to make a payment to you in cash upon exercise or vesting of your Award. Any references to the issuance of shares or Stock in any documents related to the Award shall not be applicable in these circumstances.

Prohibited Activities Appendix

1. Engaging in Prohibited Activity

1.1 Timing

Section 1.2 (Implications) applies if you engage in a Prohibited Activity (as defined in section 5 (Types of Prohibited Activity) below) at any time during the term of your Award or within one year after the later of:

- 1.1.1 the termination of your employment with the Company, your employer or any Affiliate; and
- 1.1.2 the last date of vesting or exercise of all or any portion of your Award.

1.2 Implications

 - (i) any and all gains associated with any previous vesting or exercise of all or any portion of your Award; and
 - (ii) interest calculated from the time of the notice until the date of repayment to the Company.

2. Implications for settled Awards

2.1 Calculation of gain

For the purposes of section 1.2.2, each gain associated with the vesting or exercise of all or any portion of your Award will be calculated as:

- (i) any and all gains associated with each sale, transfer or disposal; and
- (ii) interest calculated from the date of each sale, transfer or disposal until the date of repayment to the Company.

3.2 Calculation of gain

For the purposes of section 3.1.2, the gain associated with the sale, transfer or disposal will in each case be calculated as the closing price per share of Stock on the date of the sale, transfer or disposal as reported on the New York Stock Exchange Composite Transactions listing (minus, where your Award is an Option, the exercise price per share of Stock), multiplied by the number of shares of Stock sold, transferred or disposed of.

4.5 Acknowledge that your Award may be adjusted to reflect a change in capital structure, in accordance with the terms of the Plan, and agree that, where your Award is over Stock and an adjustment results in a fractional share, the fractional share may be disregarded at the Company's discretion.

5. Tax

5.1 Acknowledge that participating in the Plan will probably have tax consequences for you and that all payments made with respect to your Award (including payments in Stock or cash) may be subject to tax, social security and any similar charges in any country where you are employed, reside, or are otherwise subject to tax (**Tax**).

5.2 Agree that you (or your personal representative) are ultimately responsible for and will bear any liability for any Tax in respect of your Award and your participation in the Plan, and understand that this liability may exceed any amounts withheld and paid on your behalf.

5.3 Acknowledge that the Company, your employer, an Affiliate, any trustee of any employee benefit trust and any third party service provider (each, a **Withholding Person**) is entitled to do any, all or a combination of the following methods (where relevant) to enable a Withholding Person to raise an amount it considers necessary or desirable to recover the Liabilities:

- 5.4 Agree that, for tax purposes, and where allowed by applicable law, you are deemed to have received the full number of Stock where the number of Stock you acquire is reduced under section 5.3.2.
 - 5.5 Agree that, where permitted by the Company, you may elect to satisfy Tax and/or pay any exercise price by delivering (including by attestation) Stock to the Company.
 - 5.6 Agree that if a Withholding Person's obligation to pay or account for Tax cannot or has not been fully satisfied by the above methods, you must pay to the Withholding Person an amount sufficient to enable them to discharge that obligation.
 - 5.7 Agree to enter any tax elections for particular tax and/or social security treatment, execute any documents, give any directions and take any action as may be requested by the Company, your employer or any Affiliate in relation to any Liabilities.
 - 5.8 Acknowledge that the Company, your employer and any Affiliate do not guarantee or warrant any particular Tax treatment in relation to your Award, the cash or Stock you acquire in connection with your Award (including any dividends on Stock), or your participation in the Plan and that they are not under any obligation to structure the Award in a Tax favorable way or avoid adverse Tax treatment in any jurisdiction.
 - 5.9 Acknowledge that neither the Company, your employer nor any Affiliate will be liable for any Tax, interest, penalties or other amounts owed by any taxpayer as a consequence of the Plan or an Award and that any Tax information provided is for guidance purposes only.
 - 5.10 Accept that the cash or Stock subject to your Award may only vest or be exercised (as applicable) if satisfactory arrangements are in place to enable all Withholding Persons to obtain the funds needed to satisfy any Liabilities.
 - 5.11 Acknowledge that the vested (and, if applicable, exercised) Stock or cash subject to your Award may not be delivered or paid to you unless you have complied with your obligation to pay the Liabilities.

6. **If you are subject to the laws of Canada**

For purposes of your Award, your employment will be considered terminated and your right (if any) to vest in any Award or exercise any Option after such termination (regardless of the reason for such termination and whether or not later found to be invalid, unlawful or in breach of the employment laws in the jurisdiction where you are employed or the terms of your employment agreement, if any) will be measured as of the earlier of: (a) the date your employment with the Company or one of its Subsidiaries (as defined in the Plan) or Affiliates is terminated, (b) the date you receive written notice of termination from the Company or a Subsidiary or Affiliate, regardless of any notice period or period of pay in lieu of such notice mandated under the employment laws in the jurisdiction where you are employed or the terms of your employment agreement, if any, or (c) the date you are no longer employed by the Company or any of its Subsidiaries or Affiliates. You will not be entitled to a pro-rata portion of the Award for any time before the date on which your right to vest terminates, nor will you be entitled to any compensation for lost vesting. In the event the date on which you are no longer actively providing services cannot be reasonably determined under the terms of your Award, the Company, in its sole discretion, shall determine when you are no longer employed for purposes of the Award (including whether you may still be considered employed or actively providing services while on a leave of absence).

Notwithstanding the foregoing, if applicable employment standards legislation explicitly requires continued entitlement to vesting during a statutory notice period, your right to vest in the Award under the Plan, if any, will terminate effective as of the last day of your minimum statutory notice period, but you will not earn or be entitled to pro-rated vesting if the vesting date falls after the end of your statutory notice period, nor will you be entitled to any compensation for lost vesting.

In addition to any restrictions on resale and transfer noted in the Plan Documents, Stock acquired pursuant to the Plan will be subject to certain restrictions on resale imposed by Canadian provincial securities laws (in general, you may not resell your Stock to Canadian purchasers). Neither the Company, the Plan nor the Stock have been registered in the *Registro de Valores* (Securities Registry) or in the *Registro de Valores Extranjeros* (Foreign Securities Registry) of the *Comisión para el Mercado Financiero de Chile* (Chilean Commission for the Financial market or CMF) and they are not subject to the control of the CMF. The Plan is governed by General Regulation 336. As the Stock is not registered, the Company has no obligation under Chilean law to deliver public information regarding the Stock in Chile. Shares of Stock cannot be publicly offered in Chile unless they are registered with the CMF.

Ni The Coca-Cola Company, ni el Plan ni las Acciones han sido registradas en el Registro de Valores o en el Registro de Valores Extranjeros que lleva la Comisión para el Mercado Financiero de Chile (CMF) y ninguno de ellos está sujeto a la fiscalización de la CMF. Esta oferta de Acciones se acoge a la Norma de Carácter General 336. Por tratarse de valores no inscritos, el emisor de las Acciones no tiene obligación bajo la ley chilena de entregar en Chile información pública acerca de las Acciones. Las Acciones no pueden ser ofrecidas públicamente en Chile en tanto éstas no se inscriban en el Registro de Valores correspondiente.

8. If you are subject to exchange control restrictions imposed by the China State Administration of Foreign Exchange (SAFE), as determined by the Company in its sole discretion

Notwithstanding any other provision in the Plan Documents, the following provisions apply in the event of the termination of your employment (as interpreted in accordance with the Employment Events Appendix) with the Company or a Subsidiary (as defined in the Plan) (1) because of your Disability, or (2) after attaining age 55:

Awards that are Options and Awards held at least 12 months will immediately vest and will be settled in cash. The cash amount will be determined based on the closing price of the Stock on the date of your termination of employment (or, if a non-trading day, the next trading day) or the exercise of your Option (if applicable) within the post-termination exercise period stated below. Awards that are not Options and that are held less than 12 months from the date of grant are forfeited.

Where Performance Criteria apply, the Performance Criteria will be measured over a shortened performance period, ending at the end of the year prior to your termination of employment.

If your Award is an Option, the period over which you may exercise your Option expires upon earlier of (1) six months from your termination of employment or (2) the Option expiration date provided in the Plan Documents.

The Company has the discretion to arrange for the sale of any Stock issued upon settlement of your Award, either immediately upon settlement or at any time thereafter. In any event, if you terminate employment, you will be required to sell all Stock acquired upon settlement of the Award within such time period as required by the Company in accordance with SAFE requirements. Any Stock remaining in your brokerage account at the end of this period shall be sold by the broker (on your behalf pursuant to this authorization and without further consent). In addition, any Award that has not vested by the end of this

period will then immediately be forfeited. The Company shall have the exclusive discretion to determine when your employment has been terminated for the purposes of the Award.

You agree to sign any additional agreements, forms and/or consents that reasonably may be requested by the Company (or the Company's designated broker) to effectuate the sale of the Stock (including, without limitation, as to the transfer of the sale proceeds and other exchange control matters noted below) and shall otherwise cooperate with the Company with respect to such matters. You acknowledge that neither the Company nor the designated broker is under any obligation to arrange for the sale of Stock at any particular price (it being understood that the sale will occur in the market) and that broker's fees and similar expenses may be incurred in any such sale. In any event, when the Stock is sold, the sale proceeds, less any withholding for applicable taxes, any broker's fees or commissions, and any similar expenses of the sale will be remitted to you in accordance with applicable exchange control laws and regulations.

By accepting the Award, you acknowledge that you understand and agree that you are not permitted to transfer any Stock acquired under the Plan out of your account established with the Company's designated broker until the Stock is sold. The limitation applies to all Stock issued to you under the Plan, whether or not you remained employed with the Company or a Subsidiary.

You understand and agree that you will be required to immediately repatriate to China the proceeds from the sale of any Stock acquired under the Plan and any such dividends paid on such shares. You further understand that such repatriation proceeds may need to be effected through a special bank account established by the Company (or a Subsidiary or Affiliate in China), and you hereby consent and agree that any sale proceeds and cash dividends may be transferred to such special account by the Company (or a Subsidiary or Affiliate in China) on your behalf prior to being delivered to you and that no interest shall be paid with respect to funds held in such account.

The proceeds may be paid to you in U.S. dollars or local currency at the Company's discretion. If the proceeds are paid to you in U.S. dollars, you understand that a U.S. dollar bank account in China must be established and maintained so that the proceeds may be deposited into such account. If the proceeds are paid to you in local currency, you acknowledge that the Company (and its Subsidiaries and Affiliates) are under no obligation to secure any particular exchange conversion rate and that the Company (and its Subsidiaries and Affiliates) may face delays in converting the proceeds to local currency due to exchange control restrictions. You agree to bear any currency fluctuation risk between the time the Stock is sold and the net proceeds are converted into local currency and distributed to you. You further agree to comply with any other requirements that may be imposed by the Company in the future in order to facilitate compliance with exchange control requirements in China.

In addition to the vesting schedule for your Award, settlement of the Award is also conditioned on the continued effectiveness of the Company's registration of the Plan with SAFE (the **SAFE Registration Requirement**). If or to the extent the Company is unable to maintain the registration, no Stock for which a registration cannot be maintained shall be issued. In this case, the Company retains the discretion to settle any Award for which the vesting schedule, but not the SAFE Registration Requirement, has been met in cash paid through local payroll in an amount equal to the market value of the Stock subject to the Award less any withholding for applicable taxes.

The Company (and its Subsidiaries and Affiliates) shall not be liable for any costs, fees, lost interest or dividends or other losses that you may incur or suffer resulting from the enforcement of the foregoing terms or otherwise from the Company's operation and enforcement of the Plan, the Award Agreement, and the Award in accordance with any applicable laws, rules, regulations and requirements.

16. If you are subject to the laws of New Zealand

You are being offered an Award which, if vested, will entitle you to acquire Stock in accordance with the terms of the Plan Documents. The Stock, if issued, will give you a stake in the ownership of the Company. You may receive a return if dividends are paid.

If the Company runs into financial difficulties and is wound up, you will be paid only after all creditors and holders of preference shares (if any) have been paid. You may lose some or all of your investment, if any.

New Zealand law normally requires people who offer financial products to give information to investors before they invest. This information is designed to help investors to make an informed decision. The usual rules do not apply to this offer because it is made under an employee share scheme. As a result, you may not be given all the information usually required. You will also have fewer other legal protections for this investment. You are advised to ask questions, read all documents carefully, and seek independent financial advice before committing.

The Stock is quoted on the New York Stock Exchange. This means that if you acquire Stock under the Plan, you may be able to sell the Stock on the New York Stock Exchange if there are interested buyers. You may get less than you invested. The price will depend on the demand for the Stock.

For information on risk factors impacting the Company's business that may affect the value of the Stock, you should refer to the risk factors discussion on the Company's Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, which are filed with the U.S. Securities and Exchange Commission and are available online at www.sec.gov, as well as on the Company's "Investor Relations" website at <https://investors.coca-colacompany.com/>.

Furthermore, you understand that the Company has unilaterally, gratuitously, and in its sole discretion decided to grant Awards under the Plan to individuals who may be employees of the Company's group throughout the world. The decision is a limited decision that is entered into upon the express assumption and condition that any grant will not bind the Company or any Subsidiary (as defined in the Plan) or Affiliate, other than to the extent set forth in the Plan Documents. Consequently, you understand that the Awards are offered on the assumption and condition that the Awards and any Stock acquired under the Plan are not part of any employment contract (either with the Company or any Subsidiary or Affiliate), and shall not be considered a mandatory benefit, salary for any purposes (including severance compensation), or any other right whatsoever.
